Rogers Dines With Man Who Ran Navy When We Had One

(Special To The News)

RALEIGH, N. C., March 22.—With Pilot Yost of Pinehurst caught a tail wind and flew in here from Atlanta, over 400 miles in less than four hours.

This is the line they are going to put an air mail route on to New York. Certainly need one through line to the south like they have to the coast.

Having dinner tonight with Josephus Daniels who used to handle the navy before we contributed to the social success of a conference and sunk ours thinking we would shame somebody into following suit.

Say, Al Smith kinder made those fellows lay off somebody's name when they couldn't prove what they said, didn't he?

Yours,
WILL ROGERS.

PA NEWC OBSERVES

There is being expressed a growing sentiment in this city that the Chamber of Commerce, the Y. M. C. A. or some other civic organization should sponsor a community effort to raise a fund of appreciation for E. Lin Dilks, now carrying the name of New Castle across the continent in the coast-to-coast marathon. It is the general belief that such a move would be most appropriate and would be worth while encouragement to the New Castle man who is battling his way along with the leaders in this long grind without a great deal of aid from anyone.

Erection of the addition to Union High school is to be completed during the coming summer. The board is now advertising for bids, and it is probable that the contract will be awarded within the next few weeks. An auditorium and gymnasium, as well as additional classrooms, are to be provided for this thriving suburban school.

News of New Castle's improved industrial condition is rapidly being spread about the country, it would be imagined from the increased number of "drummers" who are daily landing in New Castle in search of new business.

Another of New Castle's big industries is taking a further expansion step, it will be noted. The immense new kiln, 264 feet long, in the course of construction at the Shenango Pottery for some months, has been completed and is now lighted. It is the forerunner of probably two more of the same kind at this plant, which by the way is the largest in the world manufacturing hotel ware.

Something rather new has been inaugurated at The Castleton in connection with the automobile show. In the lobby a fine new car has been placed, one of the brightest, most shiny that Pa Newc has seen in a long time.

What the Y. M. C. A.'s of the world have done in the way of training athletes was told at the local association Wednesday afternoon by Walter Kirker. "Yes," Mr. Kirker said, "the Y. M. C. A.'s have turned out some fine athletes. One has only to remember Ross, who won the Catalina channel swim, or Clarence DeMar, ancient Boston marathoner, to see what the association will do for a man. And then, representing New Castle in the longest race that ever was run we have Earl Dilks, a local man and a member of the Y."

New Castle's first airport got its baptism of actual use late Wednesday afternoon when R. R. Kegarise landed in his plane, after a flight from Denver. The airport is located across from the field club on the Wilmington road. The plane landed without difficulty, despite the fact that the ground was rather soft. All landing fields are in rather poor condition at present, Kegarise said. Large numbers of curious folks made a trip to the field last night to look over the field. In fact, it was but a few moments after the plane had been heard over the city and landed

Fall Ready To Explain All In Teapot Leasing

Former Secretary Of Interior Ready To Talk To Senate Investigators

ASKS CONTINUANCE OF COMING TRIAL

Seriously Ill And Given But Few Months To Live, Fall Desires To Explain

(International News Service)

WASHINGTON, March 22.—Albert B. Fall's professed willingness to tell his story about the oil scandals, on the basis of his telegram from El Paso, failed to impress members of the Senate investigating committee today, and the project of sending a sub-committee to his bedside was abandoned.

"Mr. Fall says in his telegram that he knows nothing about the Continental Trading Company nor the liberty bond profits that accrued therefrom," said Senator Walsh (D) of Montana, the committee prosecutor. "The purpose of the present inquiry is to find what became of those bonds. It appears, therefore, that he has nothing to tell the committee. As for the oil leases themselves, concerning which he appears willing to testify, I do not believe he could shed any new light on them. That phase is pretty well known."

WASHINGTON, March 22.—Albert B. Fall, central figure in the naval oil scandals, "is ready to tell all" about his connection with the oil leases, but he would rather do it in court than before a body of senatorial quizzers.

This was the gist of a telegram Fall sent to Senator Gerald P. Nye (R) of

Carnegie Auditorium Filled For Program; Game Commissioner Speaks

With the Carnegie Auditorium filled to capacity and a program that was pleasantly diversified, the Lawrence County Sportsmen's Association held its annual banquet Wednesday evening, March 21. No banquet of its kind ever held before approached the one of last night either in size or quality and it was very apparent that if next year's affair increases as did this one, it will be necessary to seek larger quarters.

The dinner itself, which was most satisfying was served by the women of the Epworth M. E. church. Following the singing of one verse of America, John B. Haley invoked the Divine blessing and the banqueteers applied themselves to the task immediately at hand. While the dinner was being served, an orchestra livened things up with some orchestral numbers, with George King in the role of soloist.

President Withers in Charge

As the diners finished their dessert, President Charles C. Withers, who devotes a large part of his waking hours to the interests of outdoor sport in this county, opened the program with a brief address and then introduced Attorney Robert L. Wallace as the toastmaster of the evening.

The first task of the toastmaster was that of introducing candidates

This was stated in his behalf at the Treasury today, with reference to the senate resolution demanding his resignation, fostered by Senator Couzens (R) of Michigan, scheduled to be debated in the senate today.

Coolidge Refuses For Third Time To Seek Nomination

Tells Wyoming Republican Committee He Must Decline To Grant Request

"Draft Coolidge" Movement Grows Weaker And Weaker; Slemp Favors Hoover

By GEORGE H. HOLMES
International News Service Staff Correspondent

WASHINGTON, March 22.—The "Draft Coolidge" movement, which has been growing weaker and weaker lately, had very little left to nourish today.

For the third time in eight months President Coolidge has taken himself out of consideration for the Republican nomination, and even the hardest-boiled skeptics were about convinced today that he meant it.

Concedes Coolidge Out

Even C. Bascom Slemp, his former secretary, who has insisted all along that Mr. Coolidge would be drafted and that he would accept a renomination if it were forced upon him, conceded today that the Republican choice will have to fall elsewhere. He announced himself for Herbert Hoover, which means that Virginia's seventeen delegates will support the cabinet candidate at Kansas City.

Mr. Coolidge's third refusal at the crown was couched in somewhat different fashion than his previous renunciations. In the Black Hills he said last August that he "didn't choose to run." To the Republican National Committee here last December he said "look elsewhere." To the Wyoming Republican committee which petitioned him to "accept four more years," he said, thru his secretary, "I must decline to grant the request of the committee."

Leaders in important states who have kept their organizations in hand by the "Draft Coolidge" plea were put in a quandary today by the President's latest move. These leaders, among them Charles D. Hilles of New York and Mayor ("Big Bill") Thomp-

Ex-Governor Sproul Dies After Illness

Father Of Pennsylvania Good Roads System Dies At Home Near Chester

(International News Service)

CHESTER, Pa., March 22.—Stricken ill with heart disease last December, Ex-Governor William Cameron Sproul,, 57, father of "Pennsylvania good roads" is dead today at his home Lapidea Manor, near here. He succumbed at 9:30 last night.

Sproul, considered one of Pennsylvania's most constructive governor's came to his end peacefully. His wife the former Miss Emeline Wallace Roacht of Chester; his on Capt. John Roach Sproul and his daughter, Mrs. Lawrence P. Sharples, were at his bedside.

Dr. S. R. Caruthers, personal physician to the ex-governor explained that Sproul was in a coma when he died. Complication of diseases is blamed for his death. Members of his family say Sproul was stricken with pneumonia more than a year ago and left his home too soon.

Fine tributes were paid Sproul by Mayor A. Mackey of Philadelphia, Maj. Gen. William G. Price who succeeded him as president of the Philadelphia Union League club, Judge Thomas Bluett, former speaker of the State House of Representatives and many other leading citizens of the state.

Funeral services will be held at 3 p. m. Saturday at the ex-governor's residence "Lapiedea Manor" Only members of the family and close friends will be admitted. Interment will take place probably Monday at the Chester Rural cemetery.

Pennsylvania Executive Asks Senate For Conception Of Rights

REFUSES TO HONOR SENATE SUBPOENA

Wants To Know What Right Senate Committee Has In Calling State Governor

(International News Service)

HARRISBURG, March 22.—Capitol Hill today awaited a reply from Senator James E. Watson, chairman of the interstate commerce committee of the U. S. senate, to Governor John S. Fisher's five fold questionnaire as to the committee's conception of its authority over the governor as a prospective witness before the senate strike probe committee.

The governor replied to Senator Watson's invitation to testify before the committee by asking that body to state, among other things, whether the committee assumes the position that the governor of a state is answerable to it, and through it to the United States senate, for the exercise of his official duties and prerogatives."

Asks Information.

The governor's letter further demanded to know whether the committee proposes to invite governors of other states vitally interested in the bituminous strike, and inquired whether the Pennsylvania executive would have "the same freedom in asking information and directing questions" to

Dilks Moves Up Towards Top In Coast Marathon

Finishes Sixth In Wednesday's Lap To Navajo, Arizona

IN ELEVENTH PLACE FOR ELAPSED TIME

Today's Trek Is 33 Miles To Lupton, Last Stop In Arizona

By LELAND C. LEWIS
International News Service Staff Correspondent

NAVAJO, Ariz., Mar. 22.—Navajo, with its tank town, store and sheep corral was left behind as C. C. ("Cross Country") Pyle's "blistered barons" pushed eastward today toward Lupton, their 20th control and their last night's halt in Arizona. From Navajo to Lupton, the speedometer clocks 33 miles.

Arne Souminen, Detroit medico, retained first place in the grind with an elapsed time of 112:50:45 for the 651.8 miles from Los Angeles by running second to Ed. Gardner, Seattle, on the 41.8-mile lap yesterday from Holbrook to Navajo.

Dilks Sixth in Wednesday's Lap

Earl Dilks, New Castle, Pa., finished sixth yesterday after pressing Gardner through three-fourths of the lap. Dilks' elapsed time was 135:14:15.

Here are the leaders in the bunion derby today, together with their elapsed time for the 651.8 miles from Los Angeles:

1. Arne Souminen, Detroit, 112:50:45.
2. Andrew Payne, Claremore, Okla., 115:15:45.
3. John Cronick, Saskatoon, Sask., 115:50:15.

Derby Route May Follow New York Central Railway

Numerous queries have reached The News as to the route to be followed in the East by the coast-to-coast marathon runners, in which E. Lin Dilks of this city is keeping up with the leaders.

The International News Service bureau at Los Angeles investigated today for The News, and reports that C. C. Pyle, in charge of the marathon, has not as yet laid out the route east of Chicago, but that it will probably follow the New York Central railroad right-of-way.

The trouble with the quarrymen, which interfered with the operation of the plant at an earlier date, has been adjusted.

Mrs. Corbett's Case Ends; Await Decision Of Jury

(International News Service)

NEW YORK, March 22.—With the completion of testimony against Countess Andrea Marco Giuseppe Soranzo in her $250,000 love tangle suit, Mrs. Alice Bland Corbett, formerly of New Castle, Pa., is today awaiting the verdict of the jury as to whether or not she is entitled to a quarter of a million because the Countess contracted a marriage with her husband, James F. Corbett.

Through many days of testimony, Mrs. Corbett has contended that the wealthy Countess, who is the daughter of Frederick A. Stevenson, millionaire manufacturer, was aware of Corbett's previous marriage at the time of their elopment.

The Countess, who married an Italian nobleman last year after annulling her union with the forger, denied that she knew Corbett was a bigamist. She declared that it was the "biggest shock of her life when she learned 16 days after the elopement that Corbett was previously married.

Kegarise Lands Here With His New Plane After Trip From Denver

New Castle Flier Has Thrilling Air Trip; Plane Works Well

Lands At Wilmington Road Airport Just After 3:30 Wednesday

After winging their way through adverse weather for the greater part of the day, Ralph R. Kegarise of Euclid avenue, head of the newly organized Kegarise Air Transport company, and Lieutenant Jack Morris of Pittsburgh, landed in their Eaglerock monoplane in a field directly across from the New Castle Field club entrance on the New Wilmington road at about 3:45 p. m. Wednesday.

A crowd, estimated at around a hundred persons, witnessed the arrival of the plane, the first one to be used at the Kegarise airport.

Stop at Tiffin, O.

Kegarise and Morris had left Fort Wayne, Ind., at 9 o'clock on Wednesday morning, but had stopped enroute at Tiffin, O., for about two hours, making the flying time for yesterday's trip register about two and one-half hours.

"We encountered rough weather during the flight from Fort Wayne," Kegarise stated. "And this was not all, for we ran into a heavy fog that seemed almost black in color at one point in the day's journey," he continued.

Kegarise, who was a pilot in the British Royal Air Force during the World war, and Morris, who is an experienced aviator also, took off from Denver, Col., on the first leg of the voyage at noon last Saturday. However, the plane ran into a blizzard about 100 miles from the latter city and the fliers were forced to land, which they did successfully.

"Are You Lindy?"

At the farmhouse where the couple went after they had landed, Kegarise states that he was mistaken for Col. Lindbergh. On opening the door and seeing the two in flying suits, the plane nearby, the father of the house exclaimed, "Are you Lindy?". Kegarise and Morris after making their identity clear, were invited to stay at the house the remainder of the day and all night, which they gladly did.

On awakening Sunday morning they found that the snowstorm had quieted, making possible another take-off. This was quickly done at 3 p. m. and the two continued eastward without further mishap to North Platte, Neb., another scheduled over-night stopping place.

The some 300 miles to North Platte was one of the outstanding dismal features of the entire trip, according to Mr. Kegarise. This part of the flight was over barren waste and even desert lands, where all that was seen most of the time was snow and sky. He and his companion did not see a house more often than every 50 miles during this part of the trip. The trip was made in three hours. It was cold, according to Mr. Kegarise, and he was almost frozen when they landed at North Platte.

In Omaha, Neb.

The start from North Platte was made Monday morning about 9:30

MAYOR OFFICIALLY OPENS EXHIBITION

All Four Big Rooms Are Being Used By Auto Exhibitors

Escorted to the Scottish Rite cathedral by a phalanx of representatives from the New Castle Automobile Dealers' association, the Hon. William H. Gillespie, mayor of New Castle, officially opened New Castle's automobile show at 2 o'clock this afternoon.

A trifle before the hour, Mayor Gillespie was met at his office in the city building by a special car and an escort of honor. From his office he was taken to the cathedral, where he dedicated the show to New Castle and progress. Although the doors of the cathedral were opened at noon, because of other engagements, the official opening by the mayor had to be postponed until 2 o'clock.

Magnificent Show

Eighty-eight sleek and shiny cars, the veritable cream of all the products made by most of the prominent American manufacturers, are the component parts of the largest automobile show to be held in New Castle. Eighty-eight cars, representing a value of $115,000, displayed by the 15 members of the association, and groomed by the best mechanics, fill the two side dining rooms, the main dining room, and the ball room of the cathedral so that patrons of the show will squeeze between each model and its neighbor with difficulty.

Two Reported As From New Castle Are Found Dead

Believed To Be Brother And Sister; Inhale Gas In Rooming House

PROPRIETOR SAYS NEW CASTLE PAIR

Names Given To Rooming House Owner As William And Matilda Henning

(BULLETIN)
(International News Service)

DETROIT, March 22.—Two young people, presumably brother and sister, ended their lives by inhaling gas in a rooming house here today.

William Harrington, owner of the rooming house, said the boy and girl told him they were William and Matilda Henning, 19 and 22, respectively, brother and sister, of New Castle, Pa.

They rented the room on March 12.

According to a statement made this afternoon by George Henning, a brother of the deceased boy and girl, they left here on Sunday evening, March 11, ostensibly to visit a sister, Miss Freda Henning who is employed in Detroit, Mich.

The girl Matilda was formerly employed in New Castle, but left here several months ago to work in Pittsburgh and had been working there since. On Friday, March 9, she came to New Castle to visit her brother George who is employed in the Leslie Hotel, and a sister Mrs. Donald Van Natten who resides on Rapson avenue, a road running off the Harbor road, near the Harbor. Another brother, John Henning is located in New York.

William Henning, who is 16 years of age according to George, was employed here up until a few weeks ago in a local restaurant but since that time had not been employed.

May Be Accident.

George Henning knows of no reason why his brother and sister would take their own lives. When they left here they had money, and apparently there was no reason for their rash act. The family is of the opinion that death was not caused by their own hands, but was caused by an accident of some kind.

A telegram was received here today by George Henning from a Detroit undertaker stating that the two had met their death in an automobile accident. Mr. Henning is making arrangements for the disposition of the bodies. It is probable that interment will be made in Sharon, Pa., where the family formerly resided and where an uncle now lives. The parents of the Henning children are dead.

There's a lazy sort of feeling taking hold of you and me, that's brought on by changing weather, here today it's fifty-three. Everybody's sort of lazy, seems that work has no appeal, and the epidemic's spreading sort of makes a feller feel that he'd like to do some sitting in a shady sort of spot, where the weather isn't chilly, where its warm but not too hot. Its spring fever that has grabbed us, in its sleep producing claws, and the most ambitious feller has to sit right down and pause, when spring fever gets its work in, he just doesn't want to work, and the tasks he follows daily sort of pall and fret and irk. Its a malady that's spreading to the highest and the low, where a chap was fast and speedy, old spring fever makes him slow. Its an ailment that is common, but not fatal in the spring, just takes out a lot of energy, don't want to do a thing.

Kiwanians Send Message And $25 To Local Runner

Other Organizations Are Also Planning On Similar Procedure

Encouraging telegrams are being sent daily to Earl Lin Dilks, New Castle's entry in the cross-country race being promoted by C. C. Pyle and yesterday the Kiwanis club not only sent the runner a message to "carry on" but also instructed its secretary to forward $25.00, to the runner to help defray his expenses.

When the Kiwanis club met, Attorney Robert White put a motion before the members to send a telegram of encouragement to Dilks. The motion passed and later Attorney Tom Dickey said that it would be a good idea to send $25.00 to the runner and this was agreed upon.

Yesterday A. C. McCoy, automobile man, said that he proposed to place a receptacle at the Automobile show, Scottish Rite cathedral where persons who appreciate Dilks attempt to win the race and bring wholesome advertising to New Castle, could deposit contributions.

There are many other persons in New Castle who have requested that donations be made to help the runner. Practically an unknown, Dilks is now competing with the cream of the world and is making a great effort to win.

When the race first started the stars from foreign countries and big cities were lauded for their great running. As the runners trudge; through the hot desert sands and fought obstacles some of them dropped out but Dilks heart and condition kept him going.

And he is still going—carrying on, trying to win not only for the sake of his family but also for the city as every story that tells of the gruelling race describes how New Castle is being represented by Earl Lin Dilks.

"C'MON DILKS!"

This Sign Will Be Erected At Cathedral Entrance

Robert White, city solicitor, today stated that H. M. Peairs, manager of the Scottish Rite Cathedral, where the Auto Show is being held, has informed him that a large sign will be placed over the entrance, reading: "C'mon, Dilks!"

Dilks is New Castle's entry in the cross-country race.

SPORTSMEN HAVE ANNUAL MEETING; DISCUSS PROJECTS

(Continued From Page One)

for office who were present and every candidate present acknowledged the introduction.

John M. Phillips, former state game commissioner was introduced and before he could begin his address received an ovation from the crowd. Every sportsman in the state has a deep affection for Mr. Phillips and his reception at the banquet must have pleased him. He spoke on the wild life in Pennsylvania and urged the Sportsmen's Association to even greater efforts.

Game Commissioner Speaks

Ross L. Leffler, present game commissioner was next introduced and spoke and congratulated the sportsmen upon their splendid organization. Following Mr. Leffler, M. A. Riley of Ellwood City, a member of the Fish Commission, Thomas Liggett, secretary of the Cook Forest Association and Harry Michaels, "the man who shoots with a camera" spoke briefly, and all of their addresses were so widely different that each one held the interest of the 500 men and women present.

Moving pictures of wild life then were shown, among them pictures of the life of moose, bear and quail, pictures of trout, muskie salmon and bonefish, streams, the pictures being provided through the courtesy of W. J Burr, of the General Passenger Agent's Department of the Canadian Northern Railways Company. The pictures were highly interesting.

Remarkable Banquet

The Sportsmen's banquet was a rather remarkable affair. Visitors from Pittsburgh, McKeesport, Washington, Sharon, Mercer, and Grove City pronounced it one of the most successful they had ever attended, and President Charles C. Withers and his committee can feel justly proud of their accomplishment.

Many game protectors were present also. Supervisor H. J. Sines was at the speakers' table and scattered about the hall were the following Game Protectors, Frank N. Johnson of New Castle, Joseph Kennedy of Washington county, H. J. Carroll of Greene county, Frank Fair of Mercer county, Ralph Liphart of Allegheny county.

With the interest and enthusiasm manifest at the banquet on Wednesday evening it is evident that interest in outdoor activities will boom this summer. The men and women present were the ones who have devoted much time and energy to the stocking of streams with fish, and while they are interested in outdoor sports, their interest has a very definite purpose back of it, for the protection of game and fish in the state also means reforestration and the protection of natural resources that are dear to the heart of every true Pennsylvanian.

One of the features of the Sportsmen's banquet which took place in the Carnegie auditorium Wednesday evening, March 21 was the pretty manner in which the place was decorated. Palms and ferns were massed on the stage directly in back of the speakers' table and added a touch that was needed. The auditorium was donated by the Carnegie Steel company through the courtesy of Robert J. Tully, general superintendent and through this courtesy it was possible to stage the banquet at a nominal cost to the guests.

KEGARISE LANDS HERE WITH HIS NEW PLANE

(Continued From Page One)

o'clock and the ship had landed in Omaha, Neb., 2¾ hours later. From Omaha, they sailed across the entire state of Iowa without stop, landing in Moline, Ill., across the Mississippi river from Davenport, Iowa. This part of the trip was hard, the flying being extremely rough.

On Monday morning, the flyers left Moline for Fort Wayne, Indiana, where it was planned to remain but a short time. Enroute they had the rather unusual experience of being compelled to detour (that's the term Mr. Kegarise used) at a point near Joliet, Illinois, on account of a heavy storm in their path.

The storm consisted of rain and heavy dark clouds, which made it dangerous to go through it. The detour was twenty miles to the south and around the storm.

After making a successful landing in a field near the Indiana city the fliers noticed that the wheels of the plane had gone far into the mud and probably could not be moved until the mud had frozen. For this reason the fliers did not arrive in the city Tuesday as was expected.

Take Off at Ft. Wayne

However, the mire had hardened by yesterday morning and after making the proper adjustments the two made a perfect take-off from the Fort Wayne field at 9 o'clock.

Mr. Kegarise brought the ship down at Tiffin, O., for the purpose of making some necessary adjustments to the engine of the plane. He and Lieutenant Morris had lunch at that place and then hopped off for this city, arriving here shortly after 3:30 o'clock.

The trip here was from Tiffin made in slightly over an hour and at a rate of speed considerably in excess of a hundred miles an hour.

"The plane worked fine all the way from Denver," the president of the local transport company replied when asked how the plane functioned on the trip. "We had no trouble at all. We averaged a hundred miles an hour all the way."

"The local field is pretty wet," Kegarise stated, "but that's the shape most of the one's over the country are in now, especially east of the Mississippi. They have some wonderful airports in the west.

"We were never off the course," continued Kegarise, "from Denver to New Castle, except where we were compelled to detour near Joliet on account of the storm. I acted as pilot the entire distance, while Lieutenant Morris acted as navigator and it was his splendid work that kept us on such a perfect straight course.

"There were times when we were five thousand feet above the earth as we sped here and we never attempted to get lower than 2,000 feet above the earth, except when making a landing."

The new plane was left at the field last night under guard. Today Kegarise intends to take the ship to Pittsburgh where it will be kept until a hangar is erected for it at the field on the New Wilmington road. When the plane is needed he will go to Pittsburgh after it.

"Airplane service from the local airport to any place around will be provided for after April 1," the owner concluded.

An Appreciation

As president of the New Castle Automobile club I wish to express the appreciation of that body to the New Castle Automobile Dealers association for the excellent automobile show which they are opening today.

The display of cars which they have provided for the inspection of the local motoring public compares favorably with the exhibits seen in any of the large cities of the country.

The dealers association is providing a real service in presenting its show and it has the sincere endorsement of the New Castle Automobile club.

FRANK S. HOYT, President
New Castle Automobile Club.

OPEN AUTO SHOW THIS AFTERNOON

(Continued From Page One)

is what greets one when he first enters the show rooms. Every inch of available space has been used, by exhibits of cars, accessories, gas and oil, electric refrigeration systems, and bronze part displays.

Airplane Centerpiece

As a centerpiece of the show, an American Eagle airplane, named the "Pride of New Castle," and owned by Jack Crowl of the New Castle Aircraft corporation, has been set on a small stage at the south side of the main dining room. Ed Schultz, pilot who comes to Mr. Crowl highly recommended by the American Aircraft corporation of Kansas City, Missouri, will be in complete charge of the plane and will answer all questions concerning the machine. A telegram, received this morning by Mr. Crowl from the company from which he purchased his machine, speaks of Mr. Schultz very highly, asserting that he was a noted ace during the war. He is also commended for his knowledge of aerodynamics and meteorology.

In the ball room of the cathedral, a canvas covering has been placed on the floor, so that the machines will not do any damage to the dancing surface. Under each machine there is a strip of while oil cloth further to preserve the floor.

Answers Questions

Patrolman Zeitler of the Butler barracks, State Highway patrol, is on hand to answer any questions on headlight adjustments and other points of the new motor code. He will be in attendance throughout the entire show.

At 11 o'clock each morning the show will open, and continue until 11 in the evening. Entertainment consisting of orchestral music, singing, and vaudeville sketches, has been arranged for every minute that the show remains open. Saturday evening at 11 o'clock, the show will close.

A. C. McCoy, president of the dealers' association, is enthusiastic in his praise of Joe Rick and Ray F. Hall, through whose ceaseless efforts the show has become a success. Working untiringly, it was these two men who attended to most of the detail, and it is to these two men, say the dealers, that most of the credit belongs.

Festoons of southern smilax, interspersed with red, yellow, and pink roses, from the key of the floral decorations. Potted palms are lined in rows between the cars.

SLIGHT ACCIDENT

R. C. Gallagher, 409 North Cedar street, reported Wednesday that he was driving west on West Washington street at the P. & L. E. crossing and did not hear the bell sounded by the crossing watchman. The watchman let the gates down on his car and one of the gates was broken off.

Order Cunningham Held For Contempt Of U. S. Senate

(International News Service)

WASHINGTON, March 22.—The Reed slush fund committee today cited Thos. W. Cunningham, prominent Vare leader and former clerk of the Philadelphia quarter sessions court for contempt of the senate and demanded his immediate arrest.

A resolution inroduced by Senator King (D) of Utah, along with a report on Cunningham's defiance of the committee asked that the senate's sergeant-at-arms be instructed to arrest the Philadelphian and bring him before the bar of the senate for prosecution on contempt charges. King announced he would ask action on the resolution tomorrow.

This was the procedure followed against Robert W. Stewart chairman of the Standard Oil of Indiana, several weeks ago.

GOVERNOR FISHER QUESTIONS SENATE ON WITNESS STAND

(Continued From Page One)

members of the committee as they in turn would expect to exercise in questioning him.

The governor withheld formal acceptance of Senator Watson's invitation until the views of the committee are made known to him.

The governor's letter was seen on Capitol Hill as a direct reply to Senator Gooding of Idaho, a member of the investigating committee, who demanded that senate subpoena Pennsylvania's executive because of his attacks on the attitude and activities of the senatorial group when it visited the Pennsylvania bituminous strike regions.

Governor Fisher at that time declared he would not honor any subpoena and questioned the right of the senate to issue one for him.

The committee in an executive session instructed Senator Watson chairman, to write a second invitation to Gov. John S. Fisher of Pennsylvania requesting him to appear voluntarily as a witness.

Replying to the first invitation Fisher propounded five questions to the committee without saying whether he would testify.

"Oh, we'll answer his questions some way," Watson declared.

NOW POSSIBLE TO ENLIST IN ARMY

It is now possible to enlist in the regular army, after a period during which all enlistments were closed. The ambitious young man who wants to learn a trade and see the world can now do so, no matter what trade it may be that he desires to learn. It costs nothing to get everything possible in the line of a trade education and the young man may choose his own vocation. For further information apply at the United States army recruiting station in the city hall.

MYRTLE BREST IS TAKEN TO MORGANZA

Myrtle Brest was taken to Morganza reform school by Deputy Sheriff Cecil Suber and wife this morning. Miss Brest entered a plea to moral delinquency at the recent term of court and was sentenced to pay a fine of $100 and costs by Judge Chambers. She was unable to pay and it was then decided to take her to the reform school.

SENTENCE COURT TO BE HELD ON FRIDAY

Sentence court will be held tomorrow morning when Judges Hildebrand and Chambers will sentence the prisoners who have been convicted before them at the present term of court. There are 15 in the county jail for sentence and a number of others who are out on bail are expected to appear. There are no very serious cases in the list.

HOW SOON THE PUBLIC FORGETS

ANNOUNCEMENT that Clarence Chamberlin, famed New York to Berlin non-stop flier, is to appear in New Castle on April 12, will reveal whether or not the New Castle public is as prone to forget as the Pittsburgh populace. In The Press of last night, is found the following rather timely comment anent the fickleness of the public towards its popular heroes, this case having to do with Mr. Chamberlin.

It follows:

The public forgets its heroes quickly, and fame is a fickle companion of the daring. Many men who have at different times loomed large in national or international acclaim have learned the truth of that statement. Some have accepted it in bewilderment, unable to comprehend forgetfulness so shortly after they have stood in the world spotlight. Others, knowing in advance what would happen, have been prepared, and have taken the changes of life as they came, remaining themselves under all conditions.

Clarence Chamberlin, who flew from America to Germany, establishing a distance record, is an instance. While Chamberlin was in the air on his epochal flight the attention of the world rode on his wings. German eyes scanned the skies for the appearance of his plane, and Americans read with avidity every word concerning his flight. Chamberlin came back to his homeland to be greeted an another pioneer of uncharted airlines, fit mate to the peerless Lindbergh. His photograph appeared innumerable times in every newspaper in the country. Few but who would have recognized him had he appeared in Pittsburgh at the time.

But yesterday morning Chamberlin sat in the waiting room of a Pittsburgh railway station, alone and unnoticed by the crowds which pushed along about their daily business. Many glanced at the man but none halted in the knowledge that there sat the pilot who had linked the U. S. and Germany by air. The clamor and glamour which attracts the crowd had passed on.

There is a compensating thought that recorded history is not so forgetful, and will make indelible legend of his great feat. Probably such thoughts never occurred to Chamberlin as he sat alone. He is of the real modesty of hardy men, as is Lindbergh. The latter remains longer in the glare of publicity, but reckons little of that.

There are too many remarkable accomplishments in these fast-moving times for attention to linger at high pitch long over any single individual.

REDUCING THE ROLL

SINCE the treasury department at Washington announced a year ago that it would reduce the size of paper money as an economy measure it has discovered that the plan is more complicated than feeding smaller pieces of paper into the government presses. Obstacle after obstacle has been met and each brings another postponement of the debut of the Lilliputian bills.

First of all the bureau of printing and engraving must be equipped with new machines. That involves a considerable expense, even as Uncle Sam counts expenses. Then a plan of distribution of the new bills must be evolved. The treasury must decide whether they will appear in all denominations at once with the quantity of each limited or whether the new currency is to be adopted gradually, beginning with the smallest or highest notes and working toward the other extreme until all the old size notes have been displaced. This latter plan would permit the gradual replacement of the bureau of printing machinery.

The latest delay was caused by the bankers. It has suddenly occurred to them that smaller bills will necessitate replacing some bank equipment and that the handling of large sums of money would be complicated by the circulation of two sizes of bills. European nations adapt the size of the bill to its denomination, but custom seems to have wedded the American people to uniformity.

When the diminutive notes appear on the banking counters they will find a large public demand for them, though the bankers may complain until their infallible counting finger and eye grow accustomed to catching the small one sandwiched between two large ones.

SHADES OF TEAPOT DOME

LIKE the ghost of Hamlet's father, the Teapot Dome scandal will not down. It has now been before the nation several years and today it is figuring as prominently in the news as the day it made its debut in congress.

There has always been something suspicious about large campaign contributions, but there was never a time when the average citizen was more suspicious of them than right now. It seems the voter had argued himself into believing the men and interests who have been putting up the money were paying in advance for something they would never receive. The men who "bought" the naval oil reserves had only the temporary use of that for which their money went, and it is hoped others who have been putting up the money were even less successful.

The whole disgraceful affair has brought dishonor to the United States, its government and its people, but in the whole history of the case nothing has been more shameful than the attitude of some who do not belong to the party in power or have a quarrel with those in office. There are in each community a few so blinded by partisanship and hatred that they can rejoice at any ill that befalls their country if it brings another political party into ill repute. In every governmental scandal there are two Roman holidays—one for those who share in the division of the spoils and one for those who see in it a political asset for their own party and a liability for the victimized party.

Government would be better and public officials would be less liable to corruption if every voter would view each act of corruption as a national disaster, instead of as an opportunity for political gain.

The man who rushes into trouble usually hobbles out on crutches.

Improvements come high, but we must have them. Apparently much needed city improvements can only be secured by the people voting permission to exceed the legal bonded indebtedness of the city. That talk of economy in the matter of city government has about been forgotten.

Apparently not even the governor of a great state like Pennsylvania, may make remarks concerning the coal situation without taking into consideration, the possibility, that the United States Senate may feel insulted. The governor, apparently, made no more bitter use of words in stating his position in the matter than Democrats of New York City do, when you suggest somebody from another State for president. But that's different.

Once more we have the hit and run motorists doing considerable business in these parts. That's the type of a motorist, who should be considered as a criminal, especially when his actions result in death.

Here's an amusing one heard at Mill and Washington streets:

The fathers used to spend the family funds in the corner saloon. Now Mothers and Daughters spend it in the Beauty shops. Money melts. It's just a question of who does the melting.

There is an old bachelor in the Croton district, we wouldn't care to mention his name at this time, who refers to courtship as "great expectations" and to marriage as the "great disappointment." Now, who in the world, ever heard of a bachelor, who really knew enough to express an opinion in such great matters as courtship and marriage.

"I shall now tickle ivories" remarked the flapper from Mahoningtown, as she fingered a toothpick. From the size of the dinner check, we'd rather think that her boy playmate should be a dealer in ivory in order to pay.

"Good Boy, Chief. Keep right after those blamed hounds that find so much delight in destroying gardens and flower beds. And don't forget to make the fellow pay that lets those hounds run at large. We know how it feels to have planted something and to have one of those blamed dogs put the cleaner on our work in a few minutes time."

We suppose that drunk who asked Sergeant Nelson to lead him to a drink of liquor the other day, was assuming that a fat policeman of today might know where to get a drink of liquor, especially if he was of the vintage prior to the Volstead Act. But he should remember that all policemen do not use liquor or know of its source of supply.

"Every knock's a boost" said the man, as his car pounded noisily up Long Avenue Hill. But we mustn't forget that every boost is liable to cost us money.

And now they are planning to make sure that Father is not left entirely out in the cold in New York state. They are inaugurating the observance of "Parents Day" and expect it to supplant Mother's Day. And after all, what's wrong about placing father on a level with mother. Most often, Dad is the fellow who makes the entire show possible.

Don't dump your woes upon people—keep the sad story of your life to yourself. Troubles grow by recounting them and then who cares about your troubles. They mean nothing to the other fellow.

Here's one. Something that runs in the best of families—silk hose.

It takes almost as keen an intellect to think up names for the new ways of bobbing hair as it does to think up names for the Pullman cars. And the fancier the name, the more expensive it is.

There is little doubt but that the thing this country needs is more homely kitchens and fewer beauty parlors. And here's another thing. You can't develop that in a beauty parlor, which you do not have.

Yes, strange to say, they belong to the type that make fun of Uncle Sam for trying to enforce prohibition.

Love makes many sacrifices. Nine times out of ten the girl who is told by her sweetheart that she is many times too good for him, marries the bozo just the same. It's then that she finds out that she's been a lollypop all the time. Get that one and laugh.

TODAY'S STORYETTE

A rustic visitor to the city made a desperate run for the ferry boat, as it was leaving the slip. He made a mighty leap and covered the intervening space, he fell sprawling on the deck, where he lay stunned for two minutes. At last he sat up feebly and stared dazedly over the wide expanse of water between the boat and shore.

"Holy hop toads!" he exclaimed in a tone of profound awe. What a jump!"

FATE

One lived east and one lived west,
With fifteen miles between
And each one rose at dawn and dressed
Himself in linen clean.

And each one kissed his wife goodbye
As husbands often do.
But that they soon would meet and die,
These two men never knew.

Some call it fate or destiny
That westward one must drive.
And one drive eastward so that he
Shall on the dot arrive.

The scene for tragedy is set.
Unknown to them the place
Where by them both shall death be met,
But straight for it they race.

Now had one paused along the way,
Or had one turned aside,
It is a simple thing to say
That neither one had died.

Two strangers driving through the street,
At the appointed spot.
At the appointed instant meet!
Did fate plan this or not?

Uncle Sam Is Rich.

Plain, Unpleasant.

23 Maniacs.

More Purifying.

By ARTHUR G. BRISBANE
(Copyright, 1928, by N. Y. American, Inc.)

Uncle Sam will probably collect in taxes $100,000,000 more this year than last. Good news for many, especially those that like to see important public works put through. With one hundred millions as a starter, you can do a good deal.

The latest oil scandal news, in plain, unpleasant words, is this: Investigators suggest that the late President Harding got some of the oil bonds, the transaction being in some way connected with the sale of President Harding's newspaper, the Marion Star. Absolutely no proof is offered to support the suspicion.

When the newspaper was sold Frank A. Vanderlip suggested corruption, but professed unwillingness "to lift a corner of the shroud" of the dead President.

The Senate investigators propose to lift off the coffin lid and find what they can.

With Dante through Purgatory and Hell, you find misery no deeper than was seen in the faces of twenty-three lunatics carried into court yesterday, that the judge might send them to an asylum.

Some were in strait-jackets, struggling horribly, some on stretchers. One young man had tried to kill himself, worrying about the income tax. His income is $23 a week.

Their troubles were all imaginary. So are many troubles among those called sane. One hundred years wipes out everything.

Mrs. Alice Roosevelt Longworth sends Senator Borah $100 to help purify the Republican party by giving back to Mr. Sinclair money he contributed to pay the debts of the Harding campaign managers.

One of the most amusing demonstrations witnessed in this nation capable of extreme silliness is the excitement about giving back his money to Mr. Sinclair.

Senator Reed of Missouri sensibly calls it "paying a hired assassin for the dagger he left in the body of his victim."

It was not quite as tragic as that. On the whole it was rather comical to see a collection of "high financiers", oil men and others, trying to be dishonest in a deep way, going about it with their trumped up Continental Oil Company, as foolishly as three-year-old children might have done.

You may have noticed occasionally in this column the suggestion, "Don't sell things short in America". The wise E. I. Du Pont Nemours gentlemen bought 114,000 shares of United States Steel common a little while ago. Many said then: "The stock is very high." Needing a little cash the Du Ponts have just sold that steel, making about $8,000,000 profit.

The day is coming and the Du Ponts know it, when they will wish they had kept their stock.

However, don't gamble. Steel will go up, but it can go down. And it will do that also. Up and down, and the down drops out the little fellows—wiser, sadder, poorer.

Dr. Herring, chairman of the National Conference of Jews and Christians, says it is wrong to Christianize Jews. He especially objects to "evangelizing, hidden under the guise of ice cream parties". Considering that we borrowed our religion from the Jews, fixing it up our own way, it is rather impertinent to demand they take our version of it.

However, there is little danger of successful evangelizing.

If fire, torture and religious hatred spread over nearly two thousand years couldn't do it, ice cream parties won't do it.

David Lawrence, who sometimes gets political news in advance, says Mrs. Woodrow Wilson will support Governor Smith of New York for President. If Governor Smith were elected President he would remember his friends better than President Wilson remembered some of his. Ask George Harvey.

The American Actors' Union makes [illegible] rules to prevent actors from [illegible] and other places working in America. If the actors are mechanics, that is a good idea. If they are artists, it is bad.

Artists should be welcomed and encouraged everywhere. They are rare.

CONVERSATION

Grenville Kleiser, well-known author and writer, gives some good advice about talking.

An immense amount of time and energy is constantly wasted, he says, by useless talking.

Some of the essentials that he mentions for a good conversationalist are as follows:

The first condition of good talking is clear, well-ordered thinking. If your thoughts are in confusion your speech is liable to be non-effective.

Talking should not be a verbal for vocal contest, but a mutual exchange of ideas. Monologues are tiresome.

Don't give advice. Advice costs nothing and is usually worth what it costs.

Don't exaggerate. It is easy to let your desires and feelings overcolor your views. Give the impression of under statement rather than over statement and what you say will have more effect.

Keep your voice low. A low voice is not only an excellent thing in a woman, as Shakespeare says, but it is good for anybody. Many people are trying to talk to, because they constantly bawl so loud. They drown out their opponent with sound.

Don't tell unduly long stories. Don't make a reputation for being a "funny" man. This will put you in the class of lightweights. Stories are like seasoning or salt. They should be very judicially intermingled and it is easy to get too many of them.

Do not interrupt another. Wait quietly for your turn to speak.

Don't relate lengthy personal experiences. A thing may be interesting to you because it is about yourself, but it is usually boresome to other people. Don't be impatient. When you observe that your listener does not wish to be convinced change the subject.

Don't argue. Argument never convinced anybody. Suggest.

Sedulously avoid controversial debate about religion or politics. People have made up their minds about these questions beforehand and do not welcome your attempt to change their opinions.

Be careful about ridicule. People who are not sensitive about anything else are very quick to resent this.

Speak clearly. Do not mumble.

Conversation is more than idle exercise or ornamental superfluity. Its purpose is to keep the other party amused and interested. It is the wire upon which runs the current of your electric personality.

Everybody should know how to keep up these wires and to gently stimulate another's interest.

If you don't know how to talk, learn. Devote a certain part of your time to intelligent and diligent practice in the art of small talk. It pays.

The World AND THE Mud Puddles

NOTHING ELSE BUT—

There are two very good reasons for the "Law's Delay"—Prohibition and Divorce. When the Courts are finished with the Liquor and Badly Married Case, there is not much left out of a Term.

W. W. O'Brien is a Chicago lawyer and he is usually wide awake in a courtroom. He represents many charged with crime. Some call him, sneeringly, a "Criminal Lawyer", but it only advertises him the more. He was defending a client in the Town Hall Court in Chicago recently. The client was charged with driving a motor car while intoxicated. Strangely enough, the client's name was T. A. Forde.

"He staggered," one witness said. "He stuttered," said another. "The odor of alcohol hung over him like a fog," said a third. "His eyes were blood-shot—his gestures were uncontrolled—he seemed to see everything double." Thus evidence was piled on evidence, and still Mr. Forde looked calm and confident, while O'Brien smiled and bided his time.

Then it was the defense's turn. O'Brien arose. O'Brien strode forward. O'Brien faced the Judge. O'Brien said he only wanted to ask one witness one question.

"Was my client singing 'Sweet Adeline'?" he demanded.

"No," said the witness.

"Discharged," said the court.

Pat was not so lucky. He was arrested likewise, charged with drunkenness.

On being brought before the Judge he was asked by the court what he was there for.

Pat—"Your honor, I was arrested for being intoxicated."

Judge—"Pat, where did you buy the liquor?"

Pat—"Your honor, I did not buy it. A Scotchman gave it to me."

Judge—"Thirty days for perjury."

Speaking of Scotchmen, I saw a sign on a Tin Lizzie—one of those sign covered cars owned by Flaming Youth:—"The springs are Scotch—they won't give."

THEY DON'T CLICK.

After studying more than 1,000 Sunday school lessons Prof. Norman E. Richardson, Northwestern university finds that the lessons are "astoundingly lacking" in the treatment of any of the real moral problems that confront youth. And Prof. Richardson has gone further. He has examined into the opinions and habits of some 5,000 youngsters of high school age. When the results of his diagnosis have been classified and studied the next move will be to lay out some kind of "preventive moral training" which will be like preventive medicine. The Sunday school and the week-day Bible school can be made clinics of the highest usefulness when teachers face up to the realities of the life of youth and better understand its embarrassing problems.

THE BEST SPENDING.

President Lowell of Harvard charges that the American public schools are extravagant. That is nothing to worry about so long as the additional money is spent to devise and operate better methods of education. And public school systems are being constantly improved. President Lowell might well make the same charge and to better purpose against the United States navy department or against a careless congress. If there is any place where money ought to be spent freely it is on schools.

Regions far up in Canada are now supplied with mail service by airplanes. The refinements of civilization inevitably follow the building of roads. Roads into remote districts in the United States are putting primitive people in touch with the more advanced life of the cities. In NEW YORK

Sam Hampton is an optometrist, with a shop in Rector street, just around the corner from the Wall street financial district. All day Sam Hampton works in his little second floor room, testing the eyes that have been strained by the reading of much ticker tape in the midst of great turmoil.

But every night, from soon after dinner until suburban bedtime, Sam Hampton may be found working away in another little room in the rear of a jewelry shop in South Broadway, Yonkers. The work is the same kind of work that busies this indefatigable worker throughout the day. Fitting glasses, testing eyes, repairing frames, making the hundreds of delicate adjustments that require so much patience and nice nervous poise.

Now, when I return home in the evening, after a day in Times Square, I a malmost too tired to write these little vignettes of life and opinion that I love so well to write. All too frequently I do myself the kindness of pronouncing myself too tired to write, and spend the evening luxuriously reading the really good writings of other men.

But Sam Hampton isn't too tired to hustle from his dinner table down to his shop and to walk back home near midnight with a springy step and an ebullient spirit. I am amazed at such vitality; such industry!

* * *

I discovered, quite by accident, that this industrious Hampton is a neighbor of mine in Yonkers. I stepped into his suburban shop to have my glasses adjusted. There was a customer ahead of me, and from the conversation of this customer and Hampton I discovered that both were from my own part of the country—Kansas, Nebraska, Missouri. So there was little work done during the rest of that evening. Until midnight the three of us talked of Kansas and Nebraska and Missouri.

"My father, Wade Hampton," said the optometrist to me, "used to buy cattle from your father at Wichita."

So the world was doing its favorite little trick of making itself smaller to accommodate friends.

The other customer said his name is Bennett, and that he used to live at Scottsbluff, Nebraska.

"Did you ever know a farmer there who was known as Barefotted Bill?" I asked.

"He was my neighbor," replied Bennett, "and I was once a witness for him in a lawsuit."

"My brother," I came back, excitedly, "was Bill's attorney in that lawsuit!"

And three westerners spent the rest of a pleasant evening discussing the small of the globe and the glories of the prairie states.

Mrs. Stinson Will Accompany Fliers In Record Attempt

Stinson And Haldeman To Try For Endurance Record, With Woman Passenger

(International News Service)

DETROIT, March 22.—Mrs. Eddie Stinson plans to accompany her famous aviator husband and George Haldeman, trans-Atlantic flyer in a new attempt to break the world endurance flight record at Jacksonville, Fla., Monday or Tuesday, it was learned today.

Stinson left Detroit yesterday for Houston to deliver a plane. From Houston he will go to Jacksonville to prepare for the attempt.

Haldeman, accompanied by Mrs. Stinson will hop off from Detroit tomorrow for Jacksonville.

"They (Stinson and Haldeman) seem to think I will help break the monotony of 60 hours in the air," Mrs. Stinson said.

The present duration record is held by a German who remained aloft 52 hours and 33 minutes.

Frank Avenue Cottage Burns

Firemen Unable To Get Near Enough To Blaze To Do Effective Work

Four room cottage house on Frank avenue, occupied by Adolph Forkey and family was completely destroyed by fire this morning that occurred between 2 and 3 o'clock. An alarm was turned in shortly before 3 o'clock from box 48 and firemen of the city attempted to get to the house but owing to the condition of the street was unable to get near enough to do much good.

The loss is estimated at $1,000 for the house and $300 on the contents. There was some little insurance possibly on the household goods. The fire is believed to have been occasioned by a defective flue.

Mr. Forkey was at work and his wife and little baby boy and Elsie Criswell a sister of Mrs. Forkey were asleep in the house. They were awakened by the smoke an fire which they say seemed to be about the chimney. They were barely able to get out of the house. They went to the Watt home wher they were cared for until removed this morning to the home of Mr. Forkey's mother on Wilson avenue.

The Forkey's only recently moved into the house which they were renting. The fire causes them considerable hardship owing to the loss of all their household effects and also by reason of the effect on Mrs. Forkey's health which has not been good of late.

Tax Relief Hearings Will Start Shortly

(International News Service)

WASHINGTON, March 22.—The prospects for enactment of a tax reduction bill at the present session of congress were brighter today following an announcement that the senate finance committee will begin tax relief hearings on April 3.

Both Republicans and Democratic leaders declared the hearings would be short in the hopes of getting a tax bill before the senate by the middle of April. This would give the senate six weeks to enact the bill and an additional week for the house and senate to concur on conflicting amendments before the June recess. The house already has passed a relief bill.

WATCH STOLEN

A. T. Waltenbaugh, 542 North Cedar street, reported yesterday that a watch and pocketbook had been taken Tuesday night from his home. Detective C. G. Logan and Officer Dukes investigated yesterday.

FALL READY TO EXPLAIN ALL IN TEAPOT LEASING

(Continued From Page One)

North Dakota, late last night, in response to a telegraphic inquiry as to whether the ex-cabinet officer would testify if a sub-committee of senators were sent to his bedside at El Paso.

He is, however, apparently willing to testify before a Senate committee if the District Supreme court grants the continuance in his conspiracy trial which his lawyers have petitioned for that probably will be decided this week.

Senator Nye informed International News Service this morning that he did not see any need for the committee to go to El Paso at present in view of Fall's telegram.

"Later perhaps," he said, "but for the present I don't see that anything would be gained. However, I will put it up to the committee."

Seriously Ill

Fall is ill, desperately ill, according to his physicians. Some of them have given him six months to live. He is too ill, the physicians say, for him to come to Washington for the conspiracy trial with his co-defendant in the Teapot Dome case, Harry F. Sinclair. Their trial is scheduled to start April 2.

In his telegram to Nye, Fall denied any knowledge of the Continental Trading company, or of the political contributions of Sinclair to the Republican party. He does know, he said, "of matters affecting the lease of Teapot Dome, and of the financial transactions concerning his Three Rivers ranch property, and it is about these that he is willing to talk.

The financial transactions concerning his ranch involve the $233,000 in liberty bonds which found their way from Sinclair to Fall, and which committee prosecutors have described as a "bribe".

Fall's telegram to Nye follows:

Sir: You are of course, thoroughly informed of proceedings now pending in the District Supreme court at Washington, D. C., and doubtless know that an application for a continuance on my behalf is now pending. Referring to this matter, I made a statement quoted by you in the telegram from you of this date. Depositions of witnesses have been made in this criminal case. I stated that I was ready to have my deposition taken here in any manner requested by the court, and that I desired the whole truth to be told and would offer no objections to any questions that might be propounded to me touching any phase of this matter.

"I know nothing whatsoever of the Continental Oil Company or any of its actions, except as I have heard them testified to in court or read of them in newspapers of the country.

"I have no knowledge whatsoever of Mr. Sinclair's contributions to any campaign fund, except as a hearsay.

"I do know of the matters concerning the leases of the three naval oil reserves, and of course, I know more or less of financial transactions recently testified to by Mrs. Everhart concerning the Three Rivers ranch property.

Ready to Talk

"What I meant to say I mean now to say is that I am perfectly willing to testify to all matters within my knowledge upon the subject indicated. With due respect to your committee and the Senate, I may state now positively, despite what is known as the McLean letter dictated by me and addressed to the committee, I was willing and ready later to give all information in my possession to the committee, but by the terms of Senate resolution number 54 I regarded myself as having been convicted by the Senate committee and feared that testimony given by me before the committee and not under the protection of a court would have tended to convict me in a judicial forum.

"I stated in a written communication to Senator Walsh at Palm Beach that I might have something further to say at a future day upon the subject of this investigation. May I now be allowed to respectfully request that, if at any time after considering the matter suggested the committee decides to interrogate me that Senator Walsh in person attend any such meeting because of my personal acquaintance with his eminent legal ability.

"Very respectfully,

"ALBERT FALL."

Fall has taken the witness stand only once since it became publicly known that he received money from Sinclair and Doheny—$100,000 in cash from Doheny and $233,000 in liberty bonds from Sinclair. This occasion was on February 2, 1924, more than four years ago, when he refused to testify "on the ground it might incriminate me."

He has been twice subjected to criminal trial. His trial with Doheny resulted in acquittal; his trial with Sinclair resulted in a mistrial because of the surveillance of the jurors by Burns detectives in the employ of Sinclair. In neither of these trials did Fall take the stand.

COOLIDGE REFUSES FOR THIRD TIME TO SEEK NOMINATION

(Continued From Page One)

son of Chicago have successfully withstood threatened invasions from other candidacies by whooping it up for the draft movement and arguing for uninstructed delegations.

It now remains to be seen whether in view of Mr. Coolidge's latest statement, they can keep control of their organizations to the point of sending uncommitted delegations to Kansas City. In New York, for instance, there is a well-defined Hoover movement which several times has threatened to boil over and confound Hilles' leadership.

New York, Illinois and Pennsylvania present the three largest delegations in the convention. All are uncommitted and unpledged. In each of these states the "Draft Coolidge" movement has been kept alive and breathing by the leaders who want to send uninstructed delegates to Kansas City. These three states represent a bloc of 220 delegates—a powerful weapon in the hands of capable leadership so long as they are unpledged.

The Hoover managers predict that they will have well over 400 votes after the first ballot at Kansas City. Should any two of these states swing over into the Hoover column it would end the contest. In the opinion of observers here.

CONSTIPATION CAUSES BAD COMPLEXIONS

Kellogg's ALL-BRAN brings natural relief

Disordered blood, skin eruptions, blemishes, are often the result of faulty elimination. Indeed, constipation is the cause of more than forty diseases. Just a few of its symptoms are headaches, listlessness, dull eyes, falling hair, failing appetite. . . .

Guard against this scourge. Kellogg's ALL-BRAN is guaranteed to relieve constipation. More—to prevent it. Two tablespoonfuls daily — chronic cases, with every meal.

Doctors recommend ALL-BRAN because it is 100% bran. Because ALL-BRAN accomplishes 100% results that no part-bran product can hope to equal.

An inviting health cereal—to eat with milk or cream, or with fruits or honey added. Use it in cooking too. Waffles, bread, muffins. Sprinkle it into soups. Sold by all grocers. Served by hotels, cafeterias, on diners. Made by Kellogg in Battle Creek.

ENJOYS GLORIOUS HEALTH; GLAD TO INDORSE KONJOLA

Young New Castle Lady Says New Medicine Ended All Her Health Troubles

This surprising new medical compound, Konjola, which the Konjola Man is explaining in person to large crowds daily at the Love and Megown drug store, 204 East Washington St., has not only become the sensation of this city, but is also the talk of cities and towns thruout this entire section. For instance, just the other day Miss Sylvia Cooper, 1204 School St., New Castle, made the following report about Konjola.

"I had been a sufferer for years", said Miss Cooper, "trying first one thing and then another, before I ever knew there was a medicine like Konjola, and now since I got this new compound it has ended years of constipation for me and my stomach trouble is gone.

"The worst thing about my case was the awful constipation pains that came over me. I couldn't eat a meal without suffering. My food seemed to sour and ferment, causing loads of gas to form and sharp pains around my heart. I was also subject to heart burn that lasted for hours. Because of the constipation my system filled with poisons and I never could get rid of them. Although I tried strong laxatives, they never gave me any relief. All during the day I would have awful dizzy spells that felt as if a thousand needles were sticking in me. Besides these troubles my liver was sluggish and this caused my complexion to be almost yellowish. I didn't know what it was to get a good night's rest and I always felt dreadful in the mornings.

MISS SYLVIA COOPER

Seavy Photo

"When the Konjola Man reached New Castle I decided to try this medicine. It turned out to be just exactly what my system always needed. Before my first bottle was gone I could feel an improvement in every way. I continued with the medicine and now I can enjoy meals without suffering afterward. The indigestion spells do not come and I never suffer from gas bloating or heartburn like I used to. Konjola regulated my bowels and I have free movement every day. The dizzy spells have disappeared and my complexion has cleared up. In every way I feel like a new person. I sleep soundly all night long.

"Konjola has done more for me than anything else I ever tried and I will always be glad to recommend it to others who suffer."

The Konjola Man is at the Love and Megown drug store, 204 East Washington St., New Castle, where he is daily meeting the public and introducing and explaining the merits of this remedy. Free samples given.

Words! Words!

BY IDAH McGLONE GIBSON

Some research man has unearthed the fact that the English language in Shakespeare's time consisted of a vocabulary of only fifteen hundred words.

Today we have more than five hundred thousand words with which to express ourselves and some of us make very hard work of making ourselves understood with all of them.

It is not so long in time since the most brilliant coterie of writers ever gathered together were the pride of the court of Queen Elizabeth. Christopher Marlowe, Spencer, Bacon, Ben Johnson, Beaumont and Fletcher with the immortal Bard himself formed a galaxy of geniuses that have never been equaled.

All these described all the passions of men, all the beauties of nature, all the depths of sin with those meager fifteen hundred words.

In fewer than four hundred years that vocabulary has been multiplied more than thirty times, but the modern writers have not seemed to take any great advantage of the enlarged vocabulary. Certainly they have not been able to paint a word picture as graphically as did those old philologists whom we call the Elizabethans.

I confess the dictionary intrigues me. I am an enthusiastic philologist, and it is one of the greatest of indoor sports to run an unknown word to its lair, capture it and watch it writhe in the trap of popular misunderstanding.

For instance, common usage has given to the word sentiment a kind of mushy value not its own. Sentiment really means a higher feeling. One of the greatest English philosophers says of sentiment, "I am apt to suspect that reason and sentiment concur in almost all moral determinations and conclusions."

PASSING OUT.

Figures but lately in the foreground of history pass out of the sight and remembrance of men. Fame only picks here and there a head for the crown of immortality. Lichnowsky is dead. He was the last of the kaiser's ambassadors to England. He feared the war, worked hard to prevent it and warned the kaiser. The German emperor read Lichnowsky's message and wrote "bunk" across the pages.

The once famous ambassador is out of the world and the kaiser out of public notice.

Alumni Group Provide Funds To Complete College Chapel Wing

(Special To The News)

NEW WILMINGTON, Pa., March 22.—The chapel wing of Old Main Memorial, Westminster's new building, will be one of the most beautiful in the country, according to action taken by the Westminster board of trustees in their annual meeting in Pittsburgh Tuesday. President W. Charles Wallace, in a special student forum chapel service yesterday morning revealed that sufficient money has been contributed by a group of alumni to complete the chapel wing and to furnish and embellish it so that it will be second to none. This alumni group, whose contribution was accepted and announced at the annual trustee meeting, is giving the money as a memorial to the chapel in Old Main.

Campus To Be Graded

Dr. Wallace also announced yesterday that the board of trustees passed legislation which will enable the college authorities to remove all houses on the campus between Old Main Memorial and the gymnasium by the fall, to grade the entire campus development and to plant a lawn and lay sidewalks so that by the opening of college in September the whole physical plant will be in excellent condition for the start of the new year. The new men's dormitory will be ready for use and it is also the hope of the college that Old Main Memorial, the new main building, will also be completed.

Students to "Talk Westminster"

The main reason for the special student forum meeting yesterday was the annual preparation for student recruiting among high school students during the spring recess. Orvil Mirtz of Pittsburgh, president of the student council, was in charge of the meeting. Students who gave sample talks to be delivered at high school assemblies were Evelyn Winger, New Castle, "The Intellectual Side"; Frances McDowell, Jamestown, "The Athletic Side"; Cora Williams, Cresson, "The Social Side", and Orvil Mirtz, "The Religious Side".

Graduate Manager A. A. McDonald, who is in charge of the student canvass, opened the meeting by telling of the many selling points now available for use. The high standing of the college, the increase in enrollment, the new and up-to-date equipment and buildings, and the winning athletic teams were all pointed out as arguments for entering Westminster.

Following the meeting copies of the new catalog, just received from the printer, were distributed among the students. Each catalog contained a report list of prospective students to be handed in to the college office following the spring recess.

The annual custom of the students in speaking before high school assemblies during the spring recess of the college has been instrumental in lining up many students each year. The enthusiasm of the meeting yesterday points to another banner recruiting project this year.

Delegate Seekers Not Bound Through Pledges Is Ruling

Pledges Of Delegateship Candidates Have No Binding Effect Is Ruled Upon

(International News Service)

HARRISBURG, March 22.—George Thorn, chief of the state bureau of elections, announced today that pledges of candidates for delegateships to the national convention from Pennsylvania have no binding effect this year, inasmuch as no candidates for president have filed nominating petitions. In case where delegates have pledged themselves to support the popular choice for president in their respective districts there are no legal obligations to bind them, Thorn added.

State senator Samuel Salus, a candidate from the third Philadelphia district, also asks the bureau to change his designation from pledged to unpledged.

Reports that the first four names drawn yesterday were pledged against Al Smith were in error. The first four—Norris Hoover, McConnellsburg, J. Houston McCollough, Philadelphia, John A. McSparran, Furnis and Robert Foster, State College, are unpledged.

IF BACK HURTS BEGIN ON SALTS

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Too much rich food creates acids which clog the kidney pores so that they sluggishly filter or strain only part of the waste and poisons from the blood. Then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, begin to drink soft water in quantities; also get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush clogged kidneys and stimulate them to activity, also to help neutralize the acids in the system so they no longer cause irritation, thus often relieving bladder disorders, orders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which every-one can take now and then to help keep the kidneys clean and the blood pure, thereby often preventing serious kidney complications.

Montgomery Estates Face Auction Block

County To Sell Thousands Of Properties Unless Overdue Taxes Are Paid

NORRISTOWN, March 22.—Thousands of properties in Montgomery county will be offered at public sale in June to satisfy unpaid tax bills, unless owners make settlement of overdue accounts.

County Treasurer William H. Fox and County Clerk Harry S. Shainline are compiling the lists, and in five districts of Montgomery county have scheduled more than 3,000 properties. These districts are Lower Providence, with 120; Upper Gwynedd, 620; Hatfield, 1,090; Upper Moreland 125, and Abington 1,120. Within the next few weeks thousands of additional properties will be listed.

Training School Opens March 30

Large Number Expected To Enter Grove City Scout Leaders School

GROVE CITY, Pa., March 22.—The Training School for Boy Scout leaders will open here in Grove City on March 30th, according to action taken by the Training Committee, headed by Dr. O. O. Bashline, this week.

Detail plans are being made for the school, which will consist of eight indoor sessions and two outdoor meetings, one of which will be held at the new County Scout Camp. Registration for the training course will be made on the opening evening, and all young men of eighteen years or over are eligible. A large number from Grove City and neighboring towns are expected to enroll.

GARDNER

Charles Walker Jr. of Gardner is still in bed as the result of a severe case of pneumonia, but seems to be on the road to recovery.

Little Clifford and Fred Robb have both been quite ill, but are now improving.

Rev. Claude Downs, pastor of Savannah M. E. church, preached last Sunday morning, but was suffering with an attack of grippe before night and could not go to begin revival services at West Pittsburgh, as had been announced, so Rev. T. C. Baker of Pulaski filled the appointment and will continue all week.

Mrs. Frazier and children of Gardner are spending a week with their uncle and aunt, Mr. and Mrs. Harry Durnell.

Rev. Mr. Butterworth of Ellwood City will be the speaker next Sunday at the county home. Rev. F. M. Wagner will preach at the Mission.

Mrs. Coleman of East Liverpool and her daughter and husband, Mr. and Mrs. S. G. Hazen, and Mrs. Elwin Hazen and Mrs. Pierce Hazen, all of Ellwood City, called on old friends at Gardner last Tuesday.

Mrs. Stella Maxwell of East New Castle is now the guest of her mother, Mrs. Elizabeth Huey, of Pittsburgh.

Mrs. Norman Johnson of New Castle spent Wednesday at the home of Mr. and Mrs. W. E. Ferry of East New Castle.

The members of the East New Castle Mission will hold prayer meeting next Friday night at the Comstock home in Gardner.

Mrs. J. W. Fombelle of East New Castle will entertain Section 7 of the Mission Circle of the First Baptist church in New Castle on Thursday.

Mrs. C. M. Hartzell of the New Castle-Ellwood highway will be hostess again this week on Thursday to the Mission Circle of Center U. P. church.

Mr. and Mrs. Carl R. Baldwin of the New Castle-Ellwood highway were recent guests of Mr. and Mrs. Baldwin's parents, Mr. and Mrs. W. V. Young, of Grove City.

Mr. and Mrs. Zeigler of the Butler road spent Tuesday evening at Gardner with the family of their daughter, Mr. and Mrs. Philip Moore.

BESSEMER NEWS

BASKETBALL GAME

At perhaps the final game of the season the Bessemer high champions will meet the Youngstown trade school on the Bessemer floor tonight.

For the preliminary game the third team will play the all star team chosen from the various class teams.

The main game of the evening will no doubt be a hard one. Youngstown trade school has been having a series of victories and plays a good game. Bessemer will be greatly weakened tonight because of the fact that the regular center, Harry Mack, is unable to play.

Since this is likely the last game of the season it will probably be well attended.

BESSEMER BAND MEETING

Although the band practices have been discontinued for some time, it has been decided to begin them again. Instead of the regular Monday night practice the group gathered this week on Tuesday evening.

LYCEUM COURSE

To say that the fifth and last number of this year's lyceum course presented a good program would be putting it rather mildly. It was an excellent entertainment and appreciated greatly by the audience, as shown by the applause.

Mr. Patton, who received much of his education in London and Paris, has great musical ability. His program was composed of many types of entertainment. There was the classical music for the more aesthetic, humor for those who love a laugh and patriotic and religious for the more serious minded.

To the able assistants must also be given credit for the program's success.

CHAPEL

Throwing a fellow student over his shoulder is an easy matter for any member of the Tumbling club. These and many other acrobatic stunts were executed by the "Tumblers" last Thursday morning in chapel. The entire audience watched spell-bound until the final performance of pyramid building.

The latter half of the program was taken by Dr. Stevenson of Ellwood City, who spoke on the subject of choosing a vocation. Mr. Lukkarila was in charge of the program.

NINTH GRADE PARTY

Not to be outdone by their younger brothers and sisters, the eighth graders, the ninth grade boys decided to give a party to the girls Monday evening the party began at 7:30 and didn't break up until 10 o'clock.

Basketball, boxing and games made up the entertainment of the evening. Near the end of the party a splendid lunch was served.

BOY SCOUTS

Tuesday evening J. Lee Calahan, county Boy Scout organizer, brought into being the Bessemer troop of Boy Scout troop, under the management of the First Presbyterian church.

Wesley Drake is to be scoutmaster, having been senior patrol leader at Volant. In some ways this troop differs from previous ones, nearly all its members being "tenderfoot scouts".

Concerning the leader himself, Mr. Drake is a rather young man, while all the foregoing ones have been middle aged men. It is believed that this will make scouts and master have more in common.

EIGHTH GRADE PARTY

To prove their powers in the art of cooking it has been customary for several years for the eighth grade girls to give a St. Patrick's day party to the eighth grade boys.

The party was duely solemnized last Thursday evening. The room was appropriately decorated with green and the delicious lunch which was served also carried out the idea of St. Patrick's day.

The evening was spent in playing games and as a climax to the evening's sport, the boys played a basketball game.

STUDENT MOVES

Many of us feel inclined to envy Rudolph Bartolotti his trip out to Wisconsin. Rudolph has been in Wisconsin several times, but he always came back to his classmates at the Bessemer high. This time he would make his home there, he said. Last Saturday he started alone and expected to meet friends in Chicago. When he reaches his new home in Madison he will enter the eighth grade there.

PLAINGROVE

The Plaingrove Reading circle will meet at the home of Mr. and Mrs. Charles Eppinger on Friday evening, March 30.

The several cases of scarlet fever are very light cases and all the patients are improving. No new cases have developed in the last week. About 10 cases had developed. The attendance at school is about normal again.

Mrs. Margaret Nelson of New Castle has returned to her home after spending several days with her daughter, Mrs. C. A. Pollock.

Dr. Rose of New Wilmington had charge of the services at the U. P. church on Sabbath.

Mrs. Hugh Stevenson of Farrell has been spending several days at the home of her parents, Dr. and Mrs. C. S. Shoaff.

Raymond D. Walter of Grove City delivered his lecture "No Royal Road to Peace", at Mount Pleasant M. E. church on Sunday. All who heard it pronounced it very fine. Mr. Walter won the state championship at Geneva college on Friday evening. Mr. Walter was principal of Plaingrove high school last year.

Rev. A. I. Dickenson addressed the Men's club at the Presbyterian church at Grove City on Thursday evening.

Richard McCracken, who has had pneumonia, is slightly improved.

Mrs. Flora Armstrong is one of the jurors for this week.

Jim Locke of New Castle has been spending the week-end at the home of Mr. and Mrs. Ellis Locke.

Miss Roberta Armstrong, who has been visiting at New Castle for several weeks, has returned to her home.

Mrs. Hugh Moose, who is visiting at the home of her son, Everett, is in a very serious condition at this writing. She has contracted a very bad cold.

Mrs. Will Cunningham has been on the indisposed list.

Mrs. Will Snyder is suffering with a very bad cold.

Mrs. Estella Rodgers has returned home after spending several weeks in Slippery Rock.

Fractured Skull Fatal To Autoist

ZANESVILLE, O., March 22.—Albert Dearth, 33, of Parkersburg, W. Va., died in the Bethesda hospital here from a fractured skull, received Saturday night when he was struck by a hit-skip driver on the South River road, two miles from this city. He never regained consciousness after the accident, remaining in a state of coma for 85 hours.

Since John Got "That Kruschen Feeling"

John was a good scout—not much energy to be sure—hated to get up in the morning and hated to go to work when he did get up.

Rather dull eyes, you'd say, and a kind of unhealthy looking skin—And his walk! Well, you wouldn't call it sprightly.

To tell the truth John had lost about all the Ambition he ever had and his wife worried quite a lot about it.

Then John got that "Kruschen feeling"—He didn't know at first what was happening to him, but his wife did. Every morning she dropped two tablets of Kruschen Salts into his cup of coffee.

Nothing much happened for two weeks and then the glorious awakening began. John actually got out of bed without being called twice—he began to shave every morning—he ate his breakfast with a relish and started off to work as happy as a boy going to the Circus.

As the weeks rolled by, his eyes brightened—his skin cleared—there was energy in his walk and vigor in his actions—his mind was keener—John was a new man and his wife was happy.

But she didn't stop the "little daily dose" of Kruschen—she had read that Kruschen Salts are a combination of the six vitalizing mineral salts so necessary to healthy life. She knew that the Kruschen habit meant everything in the world to her—She now had a husband she was proud of.

"The little daily dose" of Kruschen Salts revitalizes the entire internal system, stomach, liver, kidneys and bowels and from the blood the harmful acid and toxins are eliminated. Then the joy that vigorous health brings makes life worth living. 60 Tablets, 60 cents (30 days treatment) at Eckerd's of New Castle, Inc., New Castle Drug Co. and druggists' the world over.

Get That Kruschen Feeling

In One Hour

This sparkling drink flushes out the poisons

Some mornings bring to some of us deplorable conditions. They mean days of dullness, depression or unfitness. They result from clogging of the system with poisons and waste.

Find out how easy it is to correct them. Drink a glass of water, hot or cold. Add a little "Epsonade." It will make a sparkling, pleasant drink.

That drink will flush the intestines. In an hour all conditions will change. Instead of a lost day, you will have a day at your best.

The results come in a gentle, natural way. They come from acids of lemon and grape. And they are at your command every hour of the day—whenever you feel the need.

Let a trial show what they mean to you. They will be a revelation. Get a small quantity of "Epsonade" today at your druggist's.

FORMER WESTMINSTER STUDENT IS GIVEN IMPORTANT POSITION

(Special To The News)

NEW WILMINGTON, Pa., March 22.—Miss Ella R. Moyer of Reading, who attended Westminster for three years, 1912-14, has been appointed head of the department of music at California State Normal College, according to announcement of the president.

She is a graduate of the Institute of Musical Arts, New York City, and also has a degree from New York University. Miss Moyer has studied at the Fontainebleau School of Music in France, where she received a degree in music. She was educated at Pittsburgh and Chatham, Va., public schools before entering Westminster.

Kotex Prices Reduced

These two exclusive new features have doubled Kotex sales:

1 *A new, form-fitting shape*—non-detectable under the most clinging gowns, because corners are scientifically rounded and tapered to fit.

2 *Softer wrapping, fluffier filler* eliminate the discomforts of chafing and binding.

& All the features and protection you have always known in Kotex are retained.

SELDOM is a manufacturer able to present a greatly improved product at a striking reduction in price. Only doubled manufacturing facilities make such a step possible.

Improved Kotex has been two years in the making; two years of research, of test, of investigation and experiment in our laboratories, and in the laboratories of women doctors.

As a means of getting nation-wide distribution of the Improved Kotex, for several months we made a special offer of two boxes of Kotex at 98 cents and one box free. Now, with the assurance of a doubled volume at lower prices, the regular price of single packages of Kotex is reduced 30%. Without this doubled volume the Improved Kotex would have to be sold at higher rather than lower prices.

Softer—fluffier—chafing eliminated

And, at the new price, you obtain a product exclusive in design—the most radical development in intimate feminine hygiene since the invention of Kotex itself.

A specially perfected process now turns and tapers the corners. The pad fits snugly, securely, without affecting the lines of modish gowns.

And the gauze wrapping is softer, the downy filler even fluffier than before. Chafing and similar irritation are ended.

27 women doctors, 83 nurses helped

During the past two years, 27 women doctors, 83 nurses and six specialists in feminine hygiene suggested and approved ideas. Their endorsement carries special significance.

Kotex and Kotex only offers these exclusive new features. And all the former exclusive advantages are retained. The remarkably absorbent powers of Kotex remain, the same protective area. Cellucotton wadding which is exclusive to Kotex has all the advantages of any water-proofed absorbent, plus its own unique qualities—5 times more absorbent than cotton—discards like tissue; it deodorizes thoroughly while being worn.

Nothing else is like Kotex

You buy Kotex by name, at any drug, dry goods or department store, without embarrassment or delay. Two sizes, Regular and Kotex-Super.

Remember, nothing else is remotely like the new Improved Kotex. Buy a box today to learn our latest and greatest contribution to woman's hygienic comfort.

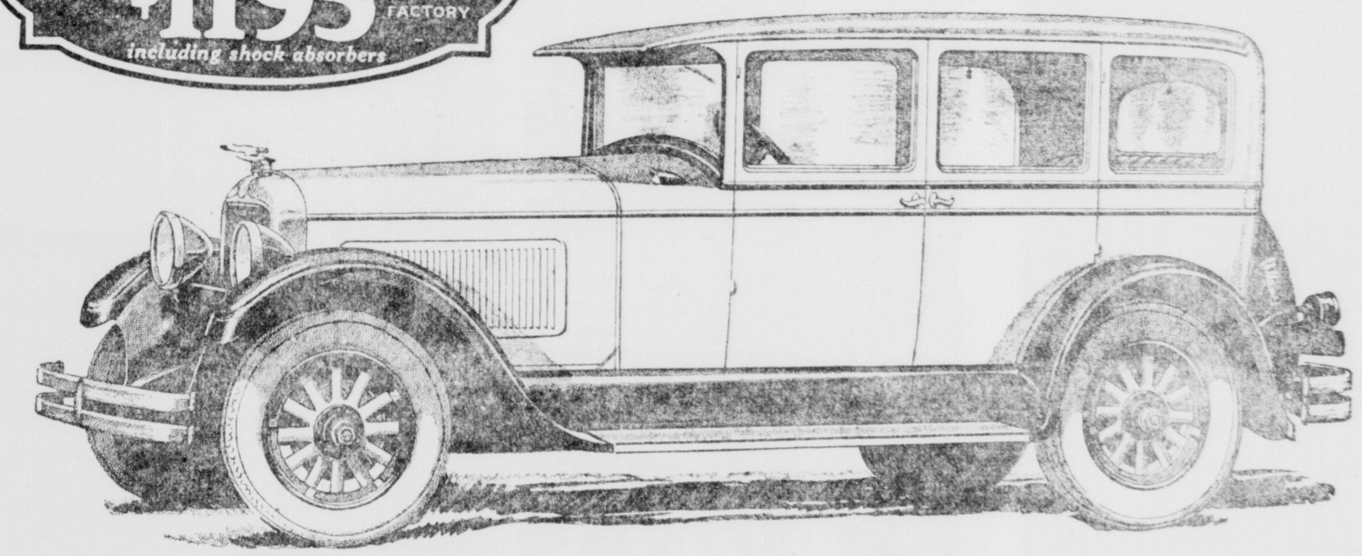
STUDEBAKER

The Great Independent

THE Dictator 4-DOOR SEDAN $1195 F.O.B. FACTORY including shock absorbers

55% more power 65 smooth miles per hour



STUDEBAKER engineering genius has increased the new Dictator's horsepower from 45 to 70 and added to its speed. But its cost to you has not been increased. And the new Dictator engine is actually more economical of gasoline than ever before. It delivers a perfectly paced 65-miles-an-hour—accelerates like a rocket—possesses the flexibility of the finest 6-cylinder construction.

Holds record for cars under $1400

Proof of the new Dictator's advanced performance was established when a stock Dictator sedan traveled 24 continuous hours at better than mile-a-minute speed. No stock car under $1400 has ever equaled this record.

40-mile speed even when new

Due to advanced engineering practices, precision building, high quality materials and rigid inspections which this new Dictator receives, it can be driven 40-miles-per-hour the day it is delivered. No laborious 20-mile-an-hour breaking-in.

Lubricate only every 2500 miles

Studebaker engineers have also eliminated the necessity of oil change to but once every 2500 miles. Chassis greasing has been reduced to 2500-mile intervals through a unique system of magazine high-pressure lubrication.

Engineering genius and traditional quality

Throughout its design the new Dictator is the product of advanced engineering development—yet its One-Profit price is still only $1195, f. o. b. factory, and it bears a famous name—Studebaker—the highest guarantee of motor car excellence!

Mellon Ouster Resolution Is Up For Debate

Senator Couzens Of Michigan Seeks To Oust Mellon On Three Major Charges

REPORT DEMOCRATS BACKING COUZENS

Senate Wrangles With Problem Of Ousting One Of World's Richest Men

(International News Service)

WASHINGTON, March 22. — A spectacular effort to oust Andrew W. Mellon, one of America's richest men, from his post as secretary of the treasury, was scheduled to break in the senate today.

Under senate rules, the Couzens resolution was subject to debate shortly after noon, but a vote on it could be blocked if its discussion lasted until 2 o'clock. A simple filibuster for that length of time would temporarily prevent final action on it.

There were indications that some Republican insurgents and most of the Democrats would support the resolution, sponsored by Senator James Couzens (R) of Mich., a multi-millionaire himself and an old-time foe of Mellon. Their controversy dates back to 1922 when Couzens conducted an investigation of tax matters, only to find the treasury suing him later for millions of dollars in back taxes over his former ownership of stock in the Ford Motor Company.

Administration senators, led by Senator David A. Reed, (R) of Pennsylvania, were ready to fight the resolution. With the aid of Democratic conservatives, they appeared certain of commanding a sufficient majority to defeat the resolution unless new charges are introduced in the fight.

Couzens sought the ousting of Mellon on three major grounds: First, Mellon's concealment of the fact for four years that he had handled $50,000 of Harry F. Sinclair's Liberty Bond gifts to the Republican party. Second, Mellon's alleged responsibility for illegal settlement of tax disputes, and third, Mellon's ownership of oil and other stocks while secretary of the treasury.

"Throughout all the administration of Andrew W. Mellon," said Couzens, "there was an indifference to the law, a contempt for the law and a defiance of the law." Mellon has not replied.

Third Children's Meeting Wednesday

Series Of Five Special Meetings Being Conducted By Rev. W. W. Sniff

The third children's meeting of the series of five meetings held Wednesday after school in the Madison avenue Christian church was unusually good. At the meeting Wednesday W. W. Sniff, pastor of the church who is conducting the meetings spoke on the "Crucifixion."

At these special meetings Mr. Sniff has as his theme "Seven Great Events in the Life of Christ." Mr. Sniff has discussed five events at these three meetings. At the first meeting he spoke of the Birth of Christ, the Baptism of Christ and Temptation of Christ. At the meeting last week Mr. Sniff spoke of the "Transfiguration. Wednesday this week "The Crucifixion" was his subject.

The fourth meeting of the series will be next Wednesday. Mr. Sniff will speak on "The Resurrection."

These lessons are a series leading up to Easter. The children attending the classes are finding them most interesting and Mr. Sniff is getting fine results.

Hulme's Proteges Battle In Tank During Afternoon

(Special To The News)

NEW WILMINGTON, Pa., March 22.—Representatives of the freshman and sophomore classes will battle for supremacy in the swimming pool this afternoon in the first of a series of inter-class meets under direction of Jack Hulme, varsity swimming coach.

Events in this afternoon's meet include the 40-yard free style, 100-yard free style, 220-yard free style, 60-yard breast stroke, 40-yard back stroke, 160-yard relay and fancy dives.

Members of the varsity men's swimming team are eligible to compete, and according to Coach Hulme they will make the competition about even as there are the same number of regulars in each class.

QUICK RELIEF FROM CONSTIPATION

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 20 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Olive Tablets do not contain calomel, just a healing, soothing vegetable laxative mixed with olive oil.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night to keep right. Try them. 15c, 30c, 60c.

Ask Ohio National Guardsmen Be Sent To Mining Region

Sheriff W. T. Allison, Of Steubenville, Asks Governor Donahey Dispatch Aid

(International News Service)

STEUBENVILLE, O., March 22.—Sheriff W. T. Allison today awaited a reply to his plea to Governor A. V. Donahey to dispatch a detachment of National Guard troops here to assist him in mining communities.

The plea for help was sent last night when a crowd of alleged union strikers and sympathizers in the coal strike refused to disperse at Dillonvale upon the order of the sheriff. Two deputies of the United States marshal's office were reported attacked and beaten. Sheriff Allison estimated there was 800 persons in the crowd at Dillonvale.

The sheriff came to Dillonvale to investigate stories of attacks upon the 175 non-union miners employed at the mine of the Wheeling & Lake Erie railroad.

Steel And Iron Plants Of State Boost Employment

Some Improvement Shown In Employment Conditions In State

(International News Service)

PITTSBURGH, Pa., March 22. — Steel and iron plants have taken on many additional men recently but a surplus of mill and factory labor still exists, a bulletin of the United States Department of Labor revealed today.

While a general survey of Pennsylvania showed some improvement in the industrial employment situation, the supply of building tradesmen far exceeds the demand, according to the bulletin.

A slight improvement in branches of the textile industry was shown but a number of factories were operating on part-time schedules and with curtailed forces.

Metal and machinery plants, as well as plants connected with the automobile business reported slight increases in demand for skilled mechanics.

Production and employment in the anthracite mining sections were shown in the report, as below normal, but a few additional mines resumed operations in the bituminous sections of the state.

Little activity was shown in the oil fields or in agriculture, but, the report concludes, with the advent of spring weather all outdoor activities will show an increase materially reducing the present volume of unemployment.

The only thing that can be said for people who keep on predicting the end of the world is that they possibly get a little closer each time—The Regina (Sask) Leader.

Health Officers To Get Training

Borough health officers may now receive efficient instruction in health affairs at the U. S. Medical field service school at Carlisle according to announcement from the Pennsylvania State Health Department through which plans have been completed to make this service possible.

For some years through the cooperation of the officers of the school at Carlisle, the health officers of the state department have been receiving this instruction. Opening the privilege to the borough health officers is an innovation. The course will begin early in April and will continue for about four weeks.

Plan Execution Of McDonald On Friday Morning

Dapper Former Broadway Bootlegger To Hang On Canadian Gallows

WIFE HOPES GEORGE WILL CONFESS ALL

Efforts To Gain Reprieve For Doomed Slayer of Taxi Driver Have Failed

(International News Service)

VALLEYFIELD, Que., March 22.—Preparations for the execution of George McDonald, former Broadway bootlegger and con-man, are completed. As the sun creeps over the horizon tomorrow morning he will march from his death cell to the foot of the gallows here, drag his last steps up the nineteen stairs of the ladder and be propelled into eternity by hangman Ellis in fulfillment of the sentence of death imposed for the murder of Adelard Bouchard.

Thirty-five miles away, in Montreal, his wife, Doris Palmer McDonald, will await news of his death, hoping that ere he mounts the gibbet McDonald will confess and completely exonerate her from any part in the murder.

In Death Cell

McDonald was brought to Valleyfield from Bordeaux prison in Montreal late last night and was quartered in a death cell adjacent to the gallows platform. He will be visited this afternoon by his parents and will spend the last twelve hours of life in the company of Father Verschelden, prison chaplain at Bordeaux, who is here with him.

Final efforts to secure a reprieve for McDonald have failed.

Attorney J. U. Legault admitted this morning that his only hope is an appeal to the superior court for a stay of execution to permit the introduction of evidence that might win a new trial for Doris McDonald.

"I have little hope for success," Legault said, "but I am leaving no stone unturned."

Plan Burial Of Late Commander Of Submarine S-4

Six Former Classmates At Annapolis To Convey Casket Of Lieutenant Fitch

(International News Service)

WASHINGTON, March 22.—With six Annapolis classmates acting as pallbearers, the body of Lieut. Graham N. Fitch, who met his death in the ill-fated submarine S-4, will be carried to its final rest in Arlington National Cemetery late this afternoon. A final tribute of "Taps" and a volley of guns will be paid by a squad of bluejackets.

It was Fitch who tapped out messages in the morse code from the hull of the S-4, and asked "How much longer?" for hours after the submersible was rammed by the Paulding.

Contractor Found Dead On Highway

(International News Service)

ALTOONA, Pa., March 22.—Harry Sealfon, 40, contractor in scrap metals died today at the Altoona hospital of sulphuric acid poisoning.

He was found by motorists lying unconscious on the highway beside his car in which he had been touring northern Cambria coal fields.

A note relative to the disposal of his estate was found by police following an investigation.

Easter eggs are going to be more expensive this year. And we'll probably have to shell out more money for them even if they are off color too.

HARD ARTERIES

Hardening arteries indicate high blood pressure, which means that the blood in the heart and blood vessels is under too great a tension—a condition which may end life suddenly.

High blood pressure, indicated by hard arteries, heart palpitation, dizziness and difficulty in breathing, is the penalty of our abnormal habits of living. We place too great a strain on the vital organs, especially the liver. The liver becoming "limp" or sluggish, fails to cleanse the blood of the toxic poisons formed in food waste. The whole system then becomes toxic, with stomach, kidneys, heart and blood vessels affected.

It is generally recognized that the liver occasionally needs a little help. There is nothing better for this, as medical men know, than a little ox gall. Ox gall has been found to be a great stimulant for the liver. The genuine, pure ox gall is to be had, dainty and tasteless, in the form of Dioxol tablets. Each tablet represents 10 drops of pure ox gall and costs less than 2c at good druggists. To be sure of getting the genuine, look for the name Dioxol and picture of ox's head on the package.

Free Test Take this ad to the druggist named below and he will give you a free sample of Dioxol tablets. Try them yourself. See the splendid, quick results. One trial of Dioxol and you will want a full package!

Want Return Of Fines Paid Mayor In Gambling Cases

Hearing Growing Out Of Appeal To Court Is Held Before Alderman Mantz

Hearing was held before Alderman Mantz this morning on a question arising out of the return of forfeits posted by Frank Spinelli and 20 others arrested before the mayor. Spinelli was charged with keeping a gambling house and the others with being inmates.

They were arrested on January 15 and posted forfeits for their appearance before Mayor Gillespie next day. Attorney Clyde Gibson, representing the defendants, demanded a hearing. This was held and fines of $25 for Spinelli and $5 each for the others were assessed and paid over to the mayor.

Attorney Gibson then took a certiorari or appeal to court. After this had been done a demand was made upon the mayor for the return of the fines. This was refused. The question before Alderman Mantz this morning was whether or not these fines should be returned, pending the disposition of the cases in court, in which recognizances have been posted for all of the men.

Alderman Mantz reserved his decision.

HELD AFTER FIGHT.

ALTOONA Pa., March 22—Samuel Thompson, 24, Spruce Creek, was held on a manslaughter charge today following the death of J. George Black, 67, foreman of the Tyrone paper mills.

Postmortem examination showed that Black died from a double cerebral hemorrhage following a fight with Thompson at the plant in which Thompson received a badly lacerated scalp police said.

An inquest will be held tonight.

Quake Recorded By Georgetown Needle

(International News Service)

WASHINGTON, March 22.—An unusually violent earthquake was recorded on the seismograph of Georgetown University beginning at 11:25 p. m., last night and continuing for about four hours, Father Tondorf, the observer, announced today. He estimated the disturbance to be approximately 1,700 miles away.

"So violent was the disturbance," Father Tondorf said, "that my records were more or less in a confused state because of the violent movement of the pen."

District Inventors Secure Patents

Beaver Falls, Grove City And Stoneboro Men Get Patents

By GEORGE H. MANNING
Washington Correspondent of The News

WASHINGTON, D. C., March 22.—A gear-shifting mechanism, a friction clutch and an air cooler are devices in which the United States Patent Office has just granted patents to inventors in the vicinity of New Castle.

Seth Hulmes of Beaver Falls invented the new kind of gear-shifting mechanism. He filed claim for his patent, on which he claims ten new features, on May 28, 1926, and has just obtained the patent.

Otis D. Treiber of Grove City invented the friction clutch and assigned his patent on it to the Bessemer Gas Engine Company of Grove City.

James F. Baumgardner of Stoneboro invented the air cooler. It is a box-like device composed of a pair of complemental sections, each section comprising a hollow ice container, one section being formed with channels and the other section being formed with tongues telescoping into the walls of the channels, with curved air circulating passages between the tongues and the channels.

Lindy Is Given Highest Honor

WASHINGTON, March 22.—The highest honor that is within the gift of his government—the congressional medal of honor—was bestowed upon Col. Chas. A. Lindbergh Wednesday in recognition of his unparalleled feats of aerial navigation during the past ten months.

Rarely has this honor been conferred for other than extraordinary feats of heroism in actual warfare, and it came to Lindbergh from the hands of President Coolidge ten months to the day from the time he electrified the world by landing in Paris after spanning the Atlantic in a solitary flight.

Mr. and Mrs. William Nord and children, of Struthers, O.; Mr. and Mrs. James Lenhart and children of Youngstown, O., and Mr. and Mrs. Carl Klingensmith of Cochranton spent Sunday with their parents, Mr. and Mrs. Joseph White.

Mrs. Mont McCullough was a business caller in Mercer recently.

Miss Anna Mildred, a senior at the Fredonia vocational school, was absent Monday on account of illness.

WHITER CLOTHES

No Scrubbing No Boiling

YOU'LL never know how white and bright clothes can come from the washer or tub—until you've tried Rinso!

The secret is in the *suds*. Rinso suds are thick and creamy even in the hardest water. And they *last* until you're ready to rinse. These safe suds whiten clothes without boiling—*sterilize, too!*

Since Rinso is granulated, it dissolves completely. And it rinses off easily, carrying grime, grease and stains along. No "rubbed-in" soap remains to yellow your cottons and linens.

Rinso asks no help of bar soaps, chips or water softeners. It's all you need, no matter how hard the water.

And Rinso goes so far! A little makes a great tubful of soapy suds. Not empty bubbles, but *real suds*.

Rinso The Granulated Soap

Clothes Last Longer

OLD-FASHIONED rubbing and scrubbing wear out clothes quicker than anything else. Rinso spares the clothes by gently *soaking out* the dirt. Then, too—Rinso contains nothing to harm your finest cottons or linens.

With Rinso, even the grimiest parts become snowy with little or no rubbing. This scrubless way spares hands, too.

Try Rinso next washday, in your machine or tub, for the *whitest* wash ever! Get the BIG package from your grocer.

You get your full money's worth when you buy Rinso, the granulated soap—it's so compact. Just feel how *weighty* the package is! For economy and best results, follow the easy directions on the package.

HARRY L. McBRIDE POST WILL MEET

There will be a special meeting of Harry L. McBride Post, Veterans of Foreign Wars, Friday evening, March 23, at eight p. m. This meeting is of vital importance to every member of the post and all members are urged to attend.

COUNTRY DOGS HURT IN CITY

Country dogs taken to cities of England to become racers are swelling the Royal Veterinary college of London. While they may be fleet enough on the track they are too slow for city traffic ways. Breeders say they have no traffic sense whatever, and unless carefully watched will surely get into trouble.

On the jump in all weathers

3/4 of the Highway Police questioned said, "Saves us sore muscles"

THE MEN whose job it is to keep the highways safe are famous for their courage, their daring, their defiance of hardship, strains, danger.

In every state they represent the pick of its hardiest specimens. Their bodies must be strong, quick, supple to respond to the sudden emergencies they are constantly called upon to face. And yet they have to do their work under conditions that would lay most men up with colds, rheumatism, stiff, strained muscles.

How do they keep themselves free of these ailments?

We put this up to the men themselves. Three-quarters of the number questioned said, "We use Sloan's."

Everywhere—the chief reliance of hard workers

And everywhere you get the same answer from people whose work keeps them out in bad weather or brings a heavy strain on their muscles. They swear by Sloan's Liniment.

Used after exposure to wet or cold, it prevents chilling, colds, stiffening of the muscles. And it brings the quickest, surest relief for every kind of muscular pain, rheumatism, sprains and bruises.

Read this statement from a policeman who has served on the Philadelphia police force for twenty-seven years: "As I have used a considerable quantity of Sloan's Liniment in the last few months and received almost instant relief, I think it my duty for the sake of humanity to recommend it to others. It gives me great pleasure to recommend Sloan's for all pains in the back and legs, as I do a lot of walking and am exposed to all kinds of weather." *William R. Christy, Sr., 1933 Master Street, Philadelphia, Pa.*

And this from a brakeman on the Chicago and Northwestern who was suffering agony from a sprain and a wrenched ligament:

"I fell off the top of a box car on my left arm, spraining it and tearing the ligaments loose. I suffered considerable pain for about forty-eight hours. I got a bottle of Sloan's Liniment. It relieved the pain right away. It is now fifty-three hours since I was hurt. I have no pain at all to speak of. The swelling has nearly all gone down. I think it is the best liniment I have ever used. I suggest that anybody having a sprain get a bottle and apply it according to directions." *Harry M. Hall, Belle Plaine, Iowa.*

* * *

Everyone should have Sloan's Liniment always on hand—for immediate use in case of emergency. Apply liberally—but without rubbing. Right away you feel a glowing warmth—a quick, powerful stimulation to the circulation which breaks up congestion and sweeps away germs and poisons. The pain stops because the cause of the pain is gone. Use it for:

Rheumatism, Lame Muscles, Sciatica, Stiff Neck, Lumbago, Colds and congestions, Neuralgia, Sprains and bruises

One of the Highway Police who said, "We swear by Sloan's to ward off the results of exposure and strain." It's the best ever to knock colds, prevent rheumatism, limber up lame muscles, and relieve the pain of sprains and bruises.

Here's what the company doctor of one of the big railroads says of Sloan's: "People whose work exposes them to strain or to damp and cold usually suffer from a good deal of muscular soreness. We find that Sloan's gives them quick, positive relief."

SLOAN'S *Endorsed universally by those who do the world's hard work*

Big Naval Supply Bill In Congress

House Appropriations Committee Recommends Total Of $359,190,737

FOURTEEN MILLION INCREASE SOUGHT

(International News Service)

WASHINGTON, March 22.—The largest naval bill since the Washington arms conference was presented to congress today when the House appropriations committee recommended a total of $359,190,737 for the year beginning July 1. In addition a permanent appropriation of $10,000,000 is undisturbed.

The net increase over last year, after reducing some standing appropriations, is given by the committee as $14,959,259. This figure was $1,288,000 over the presidential budget.

Appropriation of $200,000 for experiments on submarine safety devices and authority to convert two ships into submarines salvage vessels, with funds for pontoons to follow.

A total of $1,800,000 to begin work on two dirigibles twice the size of the Los Angeles, costing $8,000,000 one to be housed at Lakehurst, N. J., and the other on the pacific coast.

An increase in the naval aviation fund from $20,100,000 to $31,315,000—the largest air service budget since the world war.

An appropriation of $48,000,000 to continue work on eight cruisers and two submarines.

An increase in Annapolis Naval Academy by giving each member of congress four appointments a year instead of three.

An enlisted personnel of navy at 83,250, same as last year, and 18,000 for the U. S. marine corps, also the same as last year.

Disturbed Sleep

For Bladder Relief is Nature's Way of Telling you "Danger Ahead." A Healthy Bladder Does Not Act At Night.

Mrs. B. F. Myers, Shirleysburg, Pa., says in her own home paper, the Altoona Tribune: "I am willing to tell or write of the relief obtained from Keller's Lithiated Buchu. The first bottle helped and the second made me almost well. I had to get up 10 to 12 times every night. My husband was also benefited."

Lithiated Buchu acts on the bladder as epsom salts do on the bowels. Drives out foreign deposits and lessens excessive acidity. This relieved the irritation that causes "Getting up nights." The tablets cost 2c each at all drug stores. Keller Laboratory, Mechanicsburg, Ohio or locally at Paisley's Pharmacy.

More Diphtheria In State In 1927

First Increase Since Toxin Anti-Toxin Was Introduced

In spite of immunization measures there were more cases of diphtheria and more deaths from it in 1927 than the year before, the first sign of an increase of the disease since the use of toxin anti-toxin was started about five years ago.

During 1927 there were 9939 cases of diphtheria reported and 825 deaths in the state of Pennsylvania as compared with 8443 cases in 1926 with 800 deaths. The death rate for diphtheria in 1927 was 8.5 per 100,000 population as compared with 8.3 in 1926. These figures are given by the state health department which calls for increased efforts in the fight against diphtheria.

The death rate from diphtheria in Pennsylvania in 1906, the first year records were kept for the state, was 34.1. But before the use of anti-toxin in 1894 the death rate was terrible. In 1883 the rate in Philadelphia was 165 per 100,000 which, with the present population of the state, would mean 16,000 diphtheria deaths as compared as compared with the 825 that did occur last year. New York City in 1877 had a death rate of 276 while in 1887 St. Louis had a rate of 357.

Diphtheria is a disease of early childhood. In 1926 in Pennsylvania 60 per cent of the deaths were of children under five years of age and 87 per cent under 10 years of age. Still it is not a disease of early infancy. The highest mortality is in the third year and the next highest in the second year. Nearly 30 per cent of the deaths from diphtheria occur after the first year and before the third birthday. From the age of 4 to 9 years it is the chief cause of death in children.

Road Boosters Enjoy Meeting

An enjoyable event of Tuesday evening was a road boosters meeting held at the home of Mr. and Mrs. R. E. Conway of North Beaver township, which took the form of a chicken dinner in honor of Assemblyman Milton A. Bickett of Ellwood City.

The dinner was given by the citizens of the township living along the new slag road which unites the New Castle-Enon improved road with Petersburg, Ohio. The affair was given as an appreciation of the efforts of Mr. Bickett in securing the road. A friend of Mr. Bickett, Mr. Houck was also present from Ellwood City.

How Nearly Do You Measure Up To Accepted Ideal Woman?

By MME. HELENE RUBINSTEIN
Noted Beauty Expert

How are your bodily measurements to the ideal of artists. Here's an easy way to find out. The ideal feminine (and masculine, too) figure measures seven and a half heads high. That is your head should be less than a seventh the height of your whole body. You can estimate this exactly with a measuring rule.

Modern style has progressed a bit beyond the barriers of art and beauty and the sophisticate type, particularly she of the lithe, greyhound physique, usually measures eight heads or even eight and a half heads high. However a small head and a disproportionately long body may be art—modern art—but it isn't beauty. And small heads do not suggest large brain cavities.

The proportions of the seven-and-a-half-head figure should be: Head, measured from the tip of the chin to the cranium, 8 3-4 to 9 inches which makes the height of the normal figure 7½ to 8 3-4 heads or five feet 5½ inches to 5 feet 6 inches tall. The second head should measure from the tip of the chin to the point of the bust; the third head from the bust to the waistline; the fourth head from the waist to the thighs the fifth from the thighs to the garter line, the sixth from the garter line to the predominant point of the calf of the leg and the seventh from the calf to the ankle. The extra half head takes in the distance from the ankle to the sole of the foot.

Remember that the things I am telling you today have nothing to do with fatness or thinness. I am talking only in terms of longitudinal relativity—the relative length of the various lines that contribute to total height. And these statements must be qualified to some extent.

There are certain racial characteristics which must be taken into consideration. The Latin races have a different head length than the Teuton or the Gaelic.

You may be interested to know that the Teuton head predominates throughout the white race. Recently a famous archeologist investigating carvings which had been brought to light in the east authenticized his finding solely through the length and breadth of the head of an illustrated figure. The carving did not have a Teutonic head. Rembrandt, DaVinci and other old masters painted exclusively the Teuton head.

Yardstick yourself on the seven-and-a-half head rule and set down the measurements for future reference in checking upon bodily proportions and their importance to beauty.

Girl Says She Was Not Kidnaped, And Wants To Marry Lover

BUTLER, Pa., March 22.—Walter Wieland, aged 23, and his fourteen year old would-be bride, Dorothy Campbell, of Roxbury, Md., are still in the Butler County jail awaiting the arrival of Maryland officers to acccmpany them back to Roxbury. Advices received Monday from Maryland were to the effect that the officers would come for the pair as extradition papers for Wieland's arrest on a charge of kidnaping were being secured. That is the last that has been heard and the pair are still locked up.

However, the girl steadfastly maintains that she was not kidnaped, but that she accompanied Wieland of her own free will and she still wants to become his bride. Neither prison bars nor arrest has dampened the ardor of the love of the girl, and she maintains that she will tell Maryland authorities that she wanted to accompany Wieland and marry him if possible. Wieland has little to say except that he loves Dorothy and wants to become her husband.

Thirty Boys Join New Boy Scout Band

Ralph Davis Is Elected Bandmaster; To Give Concert This Evening

Thirty boys, representing seven of the Boy Scout troops of Lawrence county were banded together Wednesday evening into the first Boy Scout band of Lawrence county council, Boy Scouts of America. The organization meeting was held under the direction of Scoutmaster Ralph F. Davis and Assistant Scoutmaster and bandmaster Harry Truschel. Fred Brewster was also elected assistant scoutmaster and assistant bandmaster.

Mr. Davis explained the organization, and the following patrol leaders were elected: John Thompson, troop 18; Theodore Jackson, troop 14; Robert Wallace, troop 13; Ben Leonelli, troop 5; Virgil Thompson, troop 7, and Charles Schweinsberg, troop 16.

The following boys registered for the band: Don Lanigan, 13; Fred Brewster, 5; Fred Baldwin, 18; Tom Hawkins, 18; Bob Brown, 18; Hugh Schmidt, 18; Fred Warner, 5; Frank Pyle, 17; Allison Pritch, 2; Fred Wilkes, 14; Wallace Anderson, 14; Ezra Farrow, 14; Sebastian Isabelle, 5; Dominick Morgan, 5; Arthur Lattavo, 5; Ormand Lattavo, 5; John Rudolph, 17; Trenton Eckles, 13; Jim Hannon, 13, and Ken Clark, 13.

Band practice was held until 9 o'clock, and the band will have its first concert this evening at the Elks club, where a show will be given by the Elks committee for the benefit of troop 5.

The band will furnish the music at the Carnegie auditorium for the scout circus which will take place Friday evening, March 23, at 7:30.

Until April 11 the charter will remain open and all scouts who wish to join this band should be present next Wednesday evening at 7 o'clock at the Elks club, where they will be registered and assigned to a patrol.

Pre-Easter Program At First Baptist

Will Begin Sunday, March 25, And Will Conclude On Easter Sunday

Pre-Easter services will be conducted in the First Baptist church of this city beginning Sunday morning March 25 and concluding on Easter, April 8.

The series of special services will be conducted by the pastor, Rev. Geo. M. Landis. Rev. F. A. Childs of the Harmony Baptist church, will preach on Thursday evening March 29 on "The Handwriting of Ordinance."

Among the subjects that Rev. Landis will discuss during the campaign will be "The Unbreakable Chain 2," "Quack Doctors of the Soul," "A House in Egypt," "The Psalm of the Cross," "The Question of Destiny," "Worthless Washings," "His Blood be Upon Us" and "Last Saying of the Suffering Savior."

On Easter Sunday evening the chorus choir will sing an Easter cantata.

PREACHER SAYS THAT MODERNS ARE PAGAN

(International News Service)

PHILADELPHIA, Pa., March 21.—Modern life is a pagan, selfish and self-centered.

This opinion was voiced by Dr. John M. Thomas president of Rutgers college in a sermon delivered in the Second Presbyterian church here and he urged that people base their lives in accordance with the teachings of Christ.

S.S.S. and Rheumatism
Simply don't get along together

You know it cannot be rubbed *away*

ARE you one of those unfortunates who suffer with pains in your muscles and joints, commonly called rheumatism, making you miserable, less efficient, interfering with your working hours, ruining your sleep?

You may have tried many things without relief. Why not try S.S.S.?

For more than 100 years S.S.S. has been giving relief in thousands of cases, as testified to in unsolicited letters of gratitude.

"After suffering several years, six bottles of S.S.S. completely relieved me of rheumatism. It also cleared up a skin eruption and gave me a good appetite. I think S.S.S. is a wonderful medicine."—R. L. Busic, Southern Railway, Knoxville, Tenn.

"I was very nervous, had hardly any appetite, and suffered with rheumatism. I tried many medicines, but S.S.S. is the one that did me the most good. I am now well, and feel like a new man."—William Osborne, 2406 Sloan Street, Flint, Michigan.

What Is Cash Like When It's "Cold?"

A DELCO-LIGHT magazine ad says a man in Minnesota "Pocketed an extra $300 in *cold* cash in a single year from 250 hens after he lit his hen house with Delco-Light." Hot or cold, it's a nice bit of extra cash. Hot or cold, it's what we're all after, and if I sell you a Delco-Light you'll get yours in increased egg production, reduced labor costs and all the rest of the things the ads tell about. It's one of those propositions where each of us gets the best of the bargain, if you know what I mean.

Do You Know What a Women of 30 Should Weigh?

It all depends on her height of course.

If she is five feet seven inches in height she should weigh according to the best authorities 142 pounds.

If she is 5 feet 5 inches her normal weight is 134 pounds.

If she is 5 feet 3 inches she should weigh 127 pounds.

It's dangerous to be always striving to grow thin—the Adirondack Mountains and health resorts everywhere are filled with health shattered women who will tell you that it doesn't pay to be too thin.

That is why so many thousands of underweight men and women are putting their faith in McCoy's Tablets.

McCoy takes all the risk—Read this ironclad guarantee. If after taking 4 sixty cent boxes of McCoy's Tablets or 2 One Dollar boxes any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health—your druggist is authorized to return the purchase price.

Offers Of Marriage Not Sincere Says Hanover Beauty

Busy Answering Applicants From Six Different States

(International News Service)

HANOVER, Pa., March 22—Most of the 56 suitors who each have the requisite $6,500 to win the hand of pretty Frances J. Feltch 19, Hanover beauty contest winner, lack one essential—they're not sincere.

That's what Miss Feltch has decided after looking over the long list of applications which flooded her mail box after she announced she would marry any man who gave her a $6,500 dowry, she wants money to help her family, she says.

The beauty contest winner is afraid her Prince Charming and his bankroll will not be forthcoming in time to help so she is answering all queries promptly. She has sent at least a dozen telegrams and letters she says and has made several telephone appointments to look over prospects.

EASTER CANTATA AT FIRST CHRISTIAN

The chorus choir of the First Christian church, augmented to 45 voices, will sing the Easter cantata, "The Glory of the Resurrection", by Dr. Geibel, on Easter Sunday evening, under the direction of the church chorister, R. E. Johns, with Miss Marie Snyder at the organ.

This is one of the most beautiful Easter productions written and no doubt will be heard by an immense audience. The choir has been making much preparation for the presenting of this cantata.

Award Medals To Two Safe Drivers

Local Men Receive Bonus And Medal For No-Accident Record

Paul G. Layton of West North street and William J. Moore of East Washington street each received a safety bonus of $20 and a safe driver's medal from the Freedom Oil Works Company as a reward of having had no accident due to their own carelessness during the year 1927.

The safe drivers' medals have the name of the employe, together with the year, engraved upon them. Those who receive a medal for three consecutive years will receive a special medal.

The bonus plan was first introduced in the year 1922 when only 25 safe drivers received the bonus. The number has steadily increased until in 1927 over 100 drivers received the bonus.

"GIANT RAT" PROVES TO BE GROUNDHOG

(International News Service)

PITTSBURGH, Pa., March 22.—Catching a groundhog is a part of the day's work for members of Engine Company No. 25 here. Answering a still alarm sent from the neighborhood the firemen were asked to capture "a large rat" which had frightened a woman. They found a fat groundhog playing in the backyard. The animal was taken to the city zoo.

Make Reports Of Traffic Mishaps

In a report made to the police last night Miss Ruth Blocher, 314 Fountain avenue, Ellwood City, Pa., stated that she was going north on North Mill street at Sycamore Way, when a man by the name of Goss and residing on Sumner avenue stepped from the curb and hit the running board of her machine. He was knocked to the ground falling in a puddle of water at the curb.

Officer Frank Reynolds helped put Mr. Goss in the machine of Miss Blocher who then took him to the office of a physician. On examination it was found that he had escaped all injury with the exception of having one elbow skinned.

Benjamin Owens, 238 West Moody avenue, reported Wednesday that he was driving south on South Jefferson street in front of the Engineering works, when a car bearing Pennsylvania license 300-322 backed out of Nutt street and into his machine doing some damage.

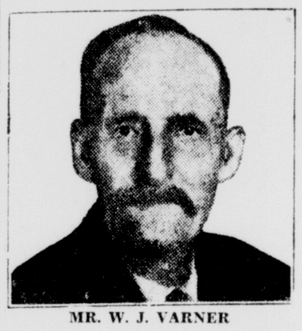
AGED MAN WAS AMAZED AT THE RESULTS HE GOT

"Surely Made Me Feel Fine," Is His Tribute To Famous Ten Herbs

"I was amazed at the results Ten Herbs gave me," was the statement of Mr. W. J. Varner, 257 Ewing Street, Washington, Pa., to the Ten Herbs Man, who is at Eckerd's of New Cas-



MR. W. J. VARNER

tle, Inc., 30 East Washington Street, New Castle, where he is daily demonstrating this great natural medicine. "It surely made me feel fine," continued Mr. Varner, who is 78 years old. "Before taking Ten Herbs, I was troubled with my stomach. Gas would bloat me and press around my heart, and I had no appetite at all. My kidneys seemed to cause pains in my back—sometimes I could hardly arise from bed because of these terrible pains. I got very little rest at night, as I was continually arising. I had to keep taking pills for my bowels, and was in a bad condition in general.

"After reading in the papers what Ten Herbs had done for others, I decided to give it a trial, as I was in urgent need of something to help my stomach, liver, kidneys, and bowels. Your medicine invigorated me in every way. My stomach has improved, and I am rid of gas, bloating, and pressure around my heart. My kidneys are working fine, and the pains are gone from my back. I do not have to arise at night, and my bowels have been regulated. I surely have a good appetite now. Ten Herbs is wonderful, and I am glad to recommend it to the public."

"It is important that you watch the condition of your stomach and bowels. The weary eyes, bad breath, frequent headaches, lassitude and listlessness, nights of sleeplessness, nervousness, and poor appetite, frequently are signs of deranged stomach and bowels that often go unheeded until serious results follow. Be fore-warned, and use Ten Herbs, the new herbal tonic. It also benefits the liver and kidneys, and gives the whole system a thorough cleansing.

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, New Castle, where he is daily meeting the public and explaining the merits of this medicine. He will be glad to tell you how to take it to get the best results. Free sample given.

This program, arranged by Miss Lezzetta Wheale, is the one that was supposed to have been carried out last Friday, but which was postponed because of the special basketball chapel on that day.

No More Piles

Thousands Bless Dr. Leonhardt, the Specialist Who Discovered This Common Sense Remedy

If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Leonhardt's HEM-ROID.

This Doctor's treatment is internal. By experimenting for years he discovered the exact cause of piles and then went further and compounded a remedy that would remove the cause.

Dr. Leonhardt wants every sufferer to benefit by his discovery and so that there will be no doubting or delay, McKee's Kut Rate Store, Eckerd's of New Castle, Inc. and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back.

On that honorable basis every sufferer should secure a package of Dr. Leonhardt HEM-ROID today.

Couple Of Crooks In Ancient Game

(International News Service)

PAINESVILLE, O., March 22.—A man and a woman, accused of having swindled numerous small storekeepers in Northeastern Ohio and Western Pennsylvania, are held in the county jail here. They gave their names as James McCarthy, alias James Moran, 33, and Amy McElwain, alias Amy McCarty, 27. The woman confessed and described the scheme, Sheriff Rasmussen said.

According to the Sheriff, the woman said she would enter a small store and present several dollar bills asking in exhange a $20 bill, stating she wished to send it in a letter. While she went through the act of putting the bill in an envelope and sealing it, the proprietor counted and found only $19 in the roll she handed him. Taking back the $19, she handed him the letter for keeping until she went outside to get another dollar from her husband. When she did not return the proprietor opened the sealed letter and found a blank piece of paper instead of the $20 bill.

Union Pickets Under Arrest

Twenty Union Pickets At Maud Mine Near Pittsburgh Taken Into Custody

WOMEN MAY TAKE UP PICKET WORK

(International News Service)

PITTSBURGH, March 22.—Twenty pickets, all members of the United Mine Workers of America, were arrested today, at the Maud mine of the McClaine Mining Company, Traveskyn.

They were taken into custody by deputy sheriffs under Chief Deputy A. D. Etsall and brought here for arraignment.

The pickets were in charge of John Fagan, district organizer for the United Mine Workers and a brother of Patrick Fagan president of District No. 5.

Previous to the arrests, officials served notice on the pickets that if more than eight men were in the line they would be arrested charged with violating the sheriff's proclamation which prohibits congregating in the strike zone.

"When all our men are in jail we will put women on the picket line," said Fagan, who asserted that his men are standing on their rights for peaceful picketing and that as long as they are orderly deputy sheriffs have no right to arrest them.

Bond will be put up for the release of the pickets, he said and the union will not desist from picketing as many as it sees fit.

Virginia Needle Records Quake

(International News Service)

CHARLOTTESVILLE, Va., March 22.—A violent earthquake was recorded last night on the seismograph of the University of Virginia, beginning at 11:22 p. m.

The maximum intensity of the disturbance, estimated at about 2,000 miles distant, was recorded at 11:34 p. m., continuing for a period of twelve minutes. The pens on the instrument were swinging to the limit of their motions, and continued to vibrate until 3:20 a. m.

Grant United States Full Police Power In Latin Election

United States Will Have Charge Of Elections And Will Also Maintain Order

(International News Service)

WASHINGTON, March 22.—Official correspondence between President Coolidge and President Diaz of Nicaragua concluded a secret agreement supplementing the Stimson accord of last May was made public today by the state department.

No hint of such an agreement between the two governments ever has been given in official circles here.

The supplemental understanding gives the United States government's election representatives in Nicaragua absolute police powers to control the election machinery and preserve order throughout the country.

Tax Reduction Not Likely Is Mellon Outlook

(International News Service)

WASHINGTON, March 22.—Prospects of tax reduction at this session of congress became dark-hued today when Secretary of the Treasury Mellon announced that expenditures under the Alien property bill and in the purchase of sites for government buildings have materially reduced the margin that will be available for tax reduction.

While collections for March totalled $365,054,000, or $7,000,000 over last March, figures for the fiscal year were not so encouraging.

Fiscal year receipts up to March 20 totalled $1,473,559,000 a decrease of $20,000,000 compared with last year, while expenditures were $2,637,551,000 an increase of $110,000,000. The fiscal year surplus on March 20 was $194,647,000, as compared with $288,141,000 last year.

Attempt Made To Rob Eckles Home

Detective John Young and Officer Thomas Lynch were called upon this morning by Robert Eckles to investigate an indicated attempt to rob the home of his father W. G. Eckles, corner Moody avenue and Logan street.

The officers visited the home and found that a rear window 8 by 10 inches had been broken and the window unlocked. In the house, everything was found in place, the robbers evidently being frightened away before they could take anything.

The Eckles family have been away and are returning home this week.

Girls Sewing School At City Mission

Competent Teachers Will Be In Charge On Saturday Afternoon To Instruct

The girls sewing school of the City Mission, 17 South Mercer stret which has been conducted since the early fall on Saturday afternoons will finish their work this coming Saturday, March 24. The sewing school has been largely attended every Saturday afternoon with an average attendance of over 60. The instruction in the art of sewing that these young ladies have received during this period which they have taken a great interest in will be very helpful to them.

One hour of each sewing school session is given over to religious devotional period where they are instructed in the Bible. It is surprising the interest these girls have taken in this part of their work and the large number of Bible verses they have memorized and can recite.

The adult teachers who have been in charge of this work are very anxious and invite the children's mothers and any other lady who might wish to see the work which has been accomplished to be present at 2 o'clock next Saturday afternoon.

It will be a great revelation to those older mothers and friends who will attend to see the work of sewing the various garments which the children have made and also to see the children carry out their devotional exercises.

There will only be one more gathering of these children after this Saturday, as the sewing school will close Saturday March 31. This last gathering will be in the nature of a social period after which the children will be dismissed for the summer as the teachers become busy in their own work. The mission greatly appreciates the loyalty of the services rendered by those who have overseen the sewing work during the fall and winter. This makes the 16th year that the mission has carried out sewing school classes for little girls on Saturday afternoons.

Mid-Year Institute Of County W.C.T.U. In Session Here

Mid-Year Institute of Lawrence County Woman's Christian Temperance Union was in session today in the Y. W. C. A. auditorium of this city. Miss Margaret S. Walker of Pulaski, county president, presided at the meeting.

The institute opened at 10 a. m., with a devotional period led by Mrs. Jennie Forquer, superintendent of evangelism. Mrs. Forquer told of the Easter service which she is planning at the county jail on Easter morning. Very interesting reports of the work of the W. C. T. U. directors and superintendents were given during the morning session.

The afternoon session opened with the quiet hour at 1:30 led by Mrs. W. T. Andrews. Readings and an address by Senator George T. Weingartner featured the closing session.

Hungarians Visit In Pittsburgh On Tour Of Country

(International News Service)

PITTSBURGH, March 22.—Delegation of Hungarians visiting the United States was welcomed to Pittsburgh officially today by Mayor Charles H. Kline.

A crowd of 1,000 gathered in the street in front of the City-County building as the delegation passed. A cordon of 300 police was on hand to quell possible outbreaks from opponents of the present worthy government in Hungary.

SLIGHT QUAKE IS FELT IN MEXICO

(International News Service)

MEXICO CITY, March 22.—Reports received today show that the sharp earthquake shock felt here last night at 10:30 o'clock extended all the way to the southern part of the state of Vera Cruz.

Although the tremors, which lasted nearly twenty-two minutes, caused much excitement here the police declared there had been no casualties and that the property damage was slight.

The worst thing in the world is not trouble, but ennui.—The Rev. Harry Emerson Fosdick.

Fishing Licenses Now In Demand At County Treasury

Increase In License Fee, Owing to The Erection Of Big Hatcheries In State

County Treasurer Adda M. Smiley is still selling a few dog licenses, but they are fast fading out of the picture, and fishing licenses are being sold. The license this year costs $1.60 instead of $1. The extra money is to be used in the propagation of fish and the erection of hatcheries.

The final real rush of the fishermen into the wilds will come at the opening of the trout season. However, the fishermen will have to wait an extra day as April 15 this year falls on Sunday, and no fishing can be done in this state on that day.

A successful season is anticipated this year. This will be due to several reasons, one of which is that for several seasons the commission has released fingerlings in the streams instead of the tiny fish that were formerly planted.

The increase in the cost of licenses will work out well in the bettering of fishing in the state. Ground has been broken for a new hatchery at Reynoldsville, Bedford county, and in the spring work will be started on the Tubbs run hatchery at Tionesta. This will be one of the biggest hatcheries in the state. Trout and bass will be hatched. The Reynoldsville hatchery, when completed, will represent an outlay of $350,000 and the Tubbs run hatchery will cost close to $2,000,000 when completed.

Completion of these two hatcheries will give the fishermen of the state wonderful facilities for increasing the output of game fish for stream stocking.

CHAPLIN'S SHOES WORTH MILLIONS

Shoes. Battered, old, misshapen, weary, pathetic, flat at heel. Shoes salvaged from rubbish heaps.

A pair of such shoes have earned their owner a revenue of millions of dollars. They are the trademark of Charlie Chaplin, known as the most prosperous and most popular comedian of all time. The screen has sent him into the far corners of the earth to set humanity laughing—with his eloquent shoes. They are the same in Charlie's newest comedy, "The Circus," at the Scottish Rite Auditorium week of March 26th.

The derby, moustache, cane and baggy trousers also belong ineffaceably to Charlie Chaplin, but the feet—the shoes—are the basic trademark. Physically, Charlie Chaplin's feet are as small and symmetrical as a woman's. But the huge shoes make them grotesque and promote the inimitable waddling that endears the comedian to his boundless public. They epitomize the make-up of Charlot.

Charlie Chaplin, in character, is the only actor who can be infallibly identified by his shoes alone. Picture the shoes, and they spell the name.

Indeed, so much fortune has followed the magic shoes that Chaplin has repeatedly had to fight unblushing imitators in the courts to defend his common law rights in that property. Chaplin has spent tens of thousands of dollars to protect his shoes—his symbol. Numbers of persons have been restrained from copying his characteristic attire and adopting names that resemble his own.

Valuable shoes, Charlie Chaplin's. To date, Charlie has appeared in over a million feet of comedy film, with, as one wag has said, "A laugh in every foot."

Those shoes!

Police Chief Freed On Murder Charge Is Victim Of Stabbing

Aunt Of Slain Girl Seeks Vengeance On Officer As Jury Acquits Him

(International News Service)

COLUMBIANA, Ala., March 22.—As the words "not guilty" achoed thru the court room today, from the jury trying Police Chief H. F. Blake for the murder of Miss Louise Monteabaro, Miss Cecil Tubbs, aunt of the dead girl, stabbed the policeman in the neck with a six-inch dirk, and her mother fired a bullet from a pistol that buried itself in the wall above the jury box.

Attorney General Charlie McCall who directed the prosecution of Blake fainted, and more than thirty spectators who gathered to hear the verdict scampered for the door. The court room was thrown into an uproar as four officers seized the two women and disarmed them.

Chief Blake fell to the floor, blood pouring from the wound in the neck.

Commissioners Of Mercer County And Clerks Visit Here

Have Dinner At County Home And Later Inspect Lawrence County Buildings

County commissioners of Mercer county, with their clerks, are here today as the guests of the Lawrence county commissioners. The delegation arrived just at noon by automobile and were taken to the county home, where Mr. and Mrs. Perry Snyder have prepared dinner for them.

After looking over the home the visitors will visit the Lawrence county courthouse, inspect the buildings and discuss methods of conducting county business with the county commissioners.

The Lawrence county commissioners recently paid a visit to Mercer county on a similar mission.

COMPANY B IS INSPECTED

Company B, 125th Mounted Engineers, was inspected last night at the armory on Neshannock avenue by Colonel John S. Fair of the United States regular army and Colonel Heller of Philadelphia, representing the Pennsylvania National Guard.

There was a hundred per cent attendance of the members of the company with Captain W. R. Walter in charge and assisted by Lieutenant Keely. The inspecting officers expressed themselves as being well pleased with the outfit.

The inspecting officers were guests at a dinner held at the Elks club previous to the inspection and at which there were a number of city and county officials and others.

REV. HARROLD TO SPEAK FRIDAY AT CITY MISSION

The Rev. Fred Harrold, pastor of the Transfer Baptist church, will speak tomorrow evening, Friday, March the 23rd, at the City Mission, 17 South Mercer street. Rev. Harrold is an exceptionally fine gospel preacher and always brings a timely and helpful message. His service is greatly appreciated by those who attend. Special music will be rendered tomorrow evening and a fine service is looked forward to.

Tonight the usual Bible class study will be conducted with Frank Geiger teaching. Everyone is invited to the services of the Mission.

The next national holiday apparently will be the opening of the baseball season.—The Terre Haute Sunday Star.

Coolidge Sends Condolences To Sproul's Family

(International News Service)

WASHINGTON, March 22.—President Coolidge today sent the following message of condolence to Mrs. W. C. Sproul, widow of the former governor of Pennsylvania:

"It is with great sorrow that I learn of the passing of your distinguished husband. Gov. Sproul was a personal friend of mine. For his great ability and character, I had the highest regard. He was an eminent public servant. Mrs. Coolidge joins me in the expression of sympathy for you and your family."

Track Sander To Wear White Belt As Safety Move

C. C. Coulthard, superintendent of the local division of the Pennsylvania-Ohio railway stated today that two new moves have been made here, the one for safety first and the second for better service.

In the past track walkers who have carried sand to place on hill tracks have worn no insignia by which motorists could tell what they were doing in the highway.

Trackwalkers now wear white belts and shoulder straps and motorists now will recognize they are at work and use caution in operating by them.

Coulthard, also said that instead of sand car being used, a motor truck has been secured to carry the sand.

The truck drives to the hill and proceeds up or down and while the truck is driven by one man another employe lets sand drop from funnels on both rails.

According to Coulthard quicker service can be given in this manner.

If you talk about live people that's gossip; if you talk about people long dead that's culture.

Contract Let On Excavation For New Church Here

Plans Going Forward For Erection Of New Bell Memorial Church

ELLWOOD CITY March 22—At a meeting of the building committee of the Bell Memorial church which took place last evening at the conclusion of prayer service the contract for the excavation of the new Bell Memorial church was let to Smith and McQuiston of New Castle.

The new edifice will progress rapidly and will be an imposing structure on the corner of First and Line avenues.

Members of the congregation have been planning on a new structure for some time and as the Bell Memorial church has the largest membership of the Protestant churches in the city it was felt that they should have a new church the old one having been in use for many years and lacking in modern improvements.

COLLEGE TEAM AGAIN HONORED

Westminster Champs Are Guests Of Delta Phi Sigma Last Night

(Special To The News)

NEW WILMINGTON, Pa., March 22.—Captain Tudor Lewis and members of the Westminster College championship basketball team together with Coach John Lawther and a number of members of the faculty were guests of Delta Phi Sigma fraternity last night at a smoker held in the Delt fraternity house.

This is the third event in honor of Westminster's great team. Last Thursday night a banquet was given the team by the college. On Wednesday night, Theta Upsilon Omega fraternity honored the court squad and Captain-elect Charles Ayers. Last night's affair was highly enjoyed, and following a social hour and smoker, delightful refreshments were served.

The feature of the stag party was the presentation of a leather bill fold to Captain Tudor Lewis by the Delta Phi Sigma fraternity. Presidents of the various fraternities on the campus were invited guests in addition to those already mentioned.

Two Girls Live On Hot Water and Rice

Because of stomach trouble, Miss A. H. and sister lived on hot water and rice. But since taking Adlerika, they say, they can eat anything and feel fine.

The simple mixture of buckthorn bark, glycerine, saline, etc., (known as Adlerika), has a most surprising DOUBLE action. First, it acts on BOTH upper and lower bowel (most medicines act on lower bowel only) and removes foul matter that often poisoned the system for months. Second, Adlerika clears all GAS and sourness from stomach and bowels, bringing INSTANT relief from stomach trouble. And in addition, Adlerika removes metabolic poisons which cause neuritis, rheumatism, etc.

Dr. H. L. Shoub, New York, writes: "Adlerika, in addition to its intestinal cleansing, checks the growth of intestinal bacteria and bacilli."

Dr. J. Weaver: "In my 50 years' practice, I have found nothing to excel Adlerika."

J. E. Puckett: "After using Adlerika, I feel better than for 20 years. Awful impurities were eliminated."

It will astonish you the great amounts of poisonous matter Adlerika brings out—matter you would never believe was in your system. In chronic constipation, gas bloating, sour stomach and sick headache, just ONE spoonful Adlerika brings wonderful relief. At leading druggists.

Battleships Will Visit Countries In South America

Next American Good-Will Tour Will Be Made By Navy Cruisers, Is Plan

CRUISE TO FOLLOW CANAL MANEUVERS

(International News Service)

WASHINGTON, March 22.—The next American good will tour may be a visit of the navy's most powerful fighting ships to ports on the west coast of South America in February, 1929, it was disclosed today.

Present plans call for the cruise immediately after maneuvers at the Panama Canal, Admiral Charles F. Hughes, chief of naval operations, has informed the House appropriations committee.

Specially selected ships, including battleships, cruisers, destroyers and probably submarines, will make the cruise, he indicated. Five countries, Columbia, Ecudor, Peru, Bolivia and Chile probably will be visited.

Detailing plans for operations of the nevy in the next year, Admiral Hughes said the scouting fleet will leave Guantanamo Bay, Cuba, March 30 for home ports, stopping at Havanna. The fleet will reassemble at Narragansett Bay, R. I., in May.

The control force, now at the Canal Zone, will leave April 12 for the New England coast to continue operations off Newport, R. I.

The battle fleet in the Pacific will conduct operations off Puget Sound, San Francisco and San Diego until summer.

PETER'S ADVENTURES in ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

THE CLEVER FISHERMAN

There was no doubt about it. Kingfisher had all the dash and splendor of a royal cavalier as he sat upon the branch. And the bird was quite as well aware of this fact as was the boy. Kingfisher leaned over and gazed at his image in the water. Then for the first time, Peter noticed that the fellow's beak was dreadfully long, and his tail funny and short. As for his feet, they appeared weak—far too tiny to bear a bird so big. Without thinking the boy remarked:

"But beautiful as is your plumage, the rest of you seems to be all out of proportion. You look top-heavy!"

Kingfisher raised his crest threateningly. The bird was very angry, and for a moment the expression on his face was almost cruel.

"How dare you say a thing like that?" shrieked he. "I have a good mind to punch you in the eye. If you once get a taste of my beak, boy, you will be careful what you say hereafter."

"It was your beak that I was thinking of when I spoke." The boy made ready to run if Kingfisher showed any further signs of flying at him. "I don't see what you are getting so mad about, you have the longest bill of any bird I have ever seen, and certainly you must know that your short tail doesn't balance it very well. And how do you manage to walk about with those little bits of feet?"

Kingfisher made a queer noise in his throat that sounded as much like a rattle as anything could! For a second Peter feared the bird was working himself up into a fury and making ready, it might be, to fly at him. Then to his amazement, Peter saw Kingfisher was paying no attention to him at all. With crest erect the bird clung to his perch and stared with bright unblinking eyes at the clear stream beneath him.

KINGFISHER TOSSED THE FISH INTO THE AIR AND CAUGHT IT IN HIS OPEN BEAK

This time Kingfisher was not admiring his own image in the watery mirror, the boy was quite sure of that. There was something about the bird's manner that made Peter think of old Whitie the cat, when the latter sat in front of a mouse hole waiting for the unsuspecting mouse to peek out.

Kingfisher was watching something. The bird's expression told that! Then quite unexpectedly Kingfisher did a curious thing. Peter had expected the bird to pounce down from his perch upon whatever he was looking at, but the bird did nothing of the kind. Instead Kingfisher flew up into the air for a short distance, then folded his wings close to his sides and, swift and straight as an arrow, down he dove, beak first into the water.

In a wonderfully short time Kingfisher was back upon his branch and in his beak was a small wriggling fish. Not long was the boy left in doubt as to what was going to become of the struggling little trout.

Throwing back his head Kingfisher tossed the fish into the air. Peter expected to see the trout fall back into the water but quick as a streak of lightning the bird thrust forward his open beak, the fish dropped into it heard first, and Kingfisher swallowed the trout whole, scarcely seeming to move his throat as he did so.

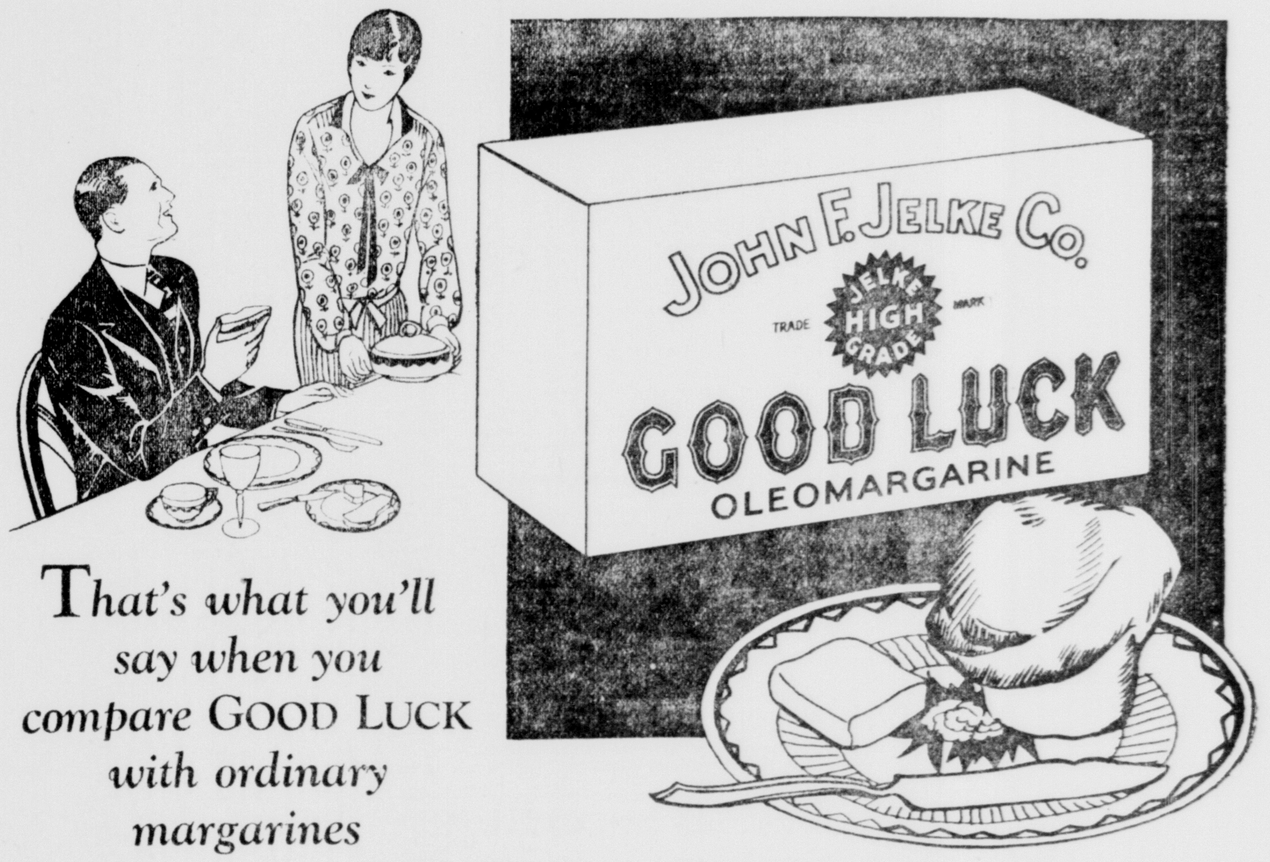
"WHAT A difference!"



That's what you'll say when you compare GOOD LUCK *with ordinary margarines*

Until you try Jelke GOOD LUCK you can't possibly know how good a margarine can be.

GOOD LUCK tastes exactly like the most expensive spreads-for-bread. It's delicious even on hot breads, and makes cakes which can't be told from those shortened with expensive spreads.

The better flavor and greater food value of GOOD LUCK result from its finer ingredients. It is made of nutritious meat products instead of the cheaper vegetable oils used in making most margarines.

Try GOOD LUCK, on your table and in baking, and see how much better it is. Grocers everywhere are offering it at a very attractive price.

MENU HINT

One of my readers says that I promised to run some recipes for cooking liver and have not done so. I plead guilty, and will see what can be done about it right away. Here is one such recipe, and I will get others. Liver is recommended by doctors for anemia. They say that, even if you haven't a clear case of anemia, it would be well to occasionally substitute liver for other meat in your dinner menu.

Braised Liver Baked Potatoes
Creamed or Scalloped Onions
Grated Carrot and Lettuce Salad
Apple Turnovers Coffee

Today's Recipes.

Braised Liver—Skewer, tie in shape and lard a calves liver. Place in a deep pan, surround with a quarter of a cup each of carrot, onion and celery, cut in dice; one-quarter teaspoonful of peppercorns, two cloves, a bit of bayleaf and two cups of brown stock or water. Cover closely and bake slowly two hours, uncovering the last 20 minutes. Remove from fire, strain liquor and use for making a brown sauce by thickening with two teaspoonfuls of flour. Pour sauce around liver when serving.

To lard, run small strips of salt pork or bacon through slits made in the meat with a sharp knife.

Creamed or Scalloped Onions—To cream onions cook them in salted water until tender, then make a white sauce of one tablespoon butter, one tablespoon flour, one cup of milk, season with pepper and salt, add onions, let come to boil and serve. In scalloping, the onions are sliced raw in a buttered baking dish. They can be put in layers, alternating with bread crumbs, or merely sliced in the dish, and hot milk seasoned with a good sized lump of butter and pepper and salt added. Cover with bread crumbs and cook for half or three-quarters of an hour.

Resume Inquest Into Dam Break

Further Details Of Technical Nature Unfolded At Official Inquiry

CONTRACTOR HAD "HUNCH" OF BREAK

(International News Service)

LOS ANGELES, March 22.—Further details of a technical nature concerning the construction of the St. Francis dam in the San Francisquito canyon awaited disclosure today as Coroner Frank Nane prepared to resume the inquest over the bodies of 274 victims of the Santa Clara river valley flood disaster.

With a blanket identification of all the bodies having been pronounced by the coroner at yesterday's session of the inquest, the path today was clear for the official inquiry into the question of whether any personal responsibility can be attached to the catastrophe.

More than 50 witnesses have been called to testify at the inquest, which, it is expected, will consume at least a week.

Today's proceedings are expected to follow along the lines of the dramatic testimony given at yesterday's session by William Mulholland, chief engineer of Los Angeles, for nearly 50 years, and builder of the ill-fated St. Francis dam.

Declaring that he had "a grave suspicion" concerning the reason for the dam break, Mulholland went on to relate that his inspection of the giant structure some 12 hours before its collapse had revealed a small leak on the west side, but that this was not sufficient to be considered perilous.

Play Attracts Crowd To Senior High School

Local Performers Make Hit In Presentation Of Money, Love And Shame

Miss Mildred Mitchell took by storm the crowd that filled the auditorium of the Senior High school last night to witness the presentation of the play "Money, Love and Shame". The play was presented under the auspices of Tifereth Israel synagogue for the benefit of charity carried on by that institution.

Miss Mitchell presented the part of Madame Leedhart, an aristocratic society woman, who sought to have her son Albert, the part taken by Mr. Waldman, marry into a wealthy family. The son was in love with the maid of the house Marie Sonya, which part was taken by Minnie Reider in a pleasing manner. The part of the wealthy girl was taken by Ethel Pitler in a finished manner. The play goes on, the son marries the rich girl, is divorced and weds his sweetheart, Marie Sonya and everything is happy. Miss Mitchell in addition to showing talent as a player, also rendered Non-E-Ver in a fine manner. A Yutkowitz, of New York and Hollywood, a professional actor had the part of Marie Sonya's father. A. Safier was in charge of the production. The stage settings were excellent.

Arrest Alleged Chicken Thief

County Detective Makes Arrest For Theft Near Wilmington Junction

After several months of work on chicken thieves in this county, County Detective William G. Fleming believes that he has arrested the culprit who is responsible for a large part of the thievery. At eleven o'clock this morning, in company with State Officer Muncey, Mr. Fleming arrested Steve Buchowski of Neshannock Falls, and found in Buchowski's barn 21 chickens which have been identified by Mr. and Mrs. David Morris of Wilmington Junction.

Late last night the farm of Mr. and Mrs. Morris was looted of a flock of chickens and about that time a horse and wagon was seen in the vicinity. The tracks of the horse showed two hind shoes missing. Fleming and Muncey intercepted Buchowski today in an automobile headed towards New Wilmington, and in the car was found several chickens. Following the prints of the horse from the spot near the Morris farm they found that they led into the Buchowski farm and the horse was located in the barn, minus two hind shoes.

The chickens in the automobile were taken to the Morris farm and identified by two methods. Two of the chickens were pets, while three of them had sore heads.

Buchowski denies any guilt in the matter but is in the county jail where a charge of larceny has been placed against him. For several months the farmers of the county have been molested with chicken thieves and County Detective Fleming feels that at least part of the trouble has been removed. The work of capturing him was a smart piece of police work and may be the solution to the annoying problem of the past three months.

Savoia Quintet Has Successful Season, Y. Marcella Leader

Casa Savoia Basketball Team Wins 31 And Loses 9 In Past Season

"Yanks" Marcella Tallies 253 Points; Plans Fast Team For Next Year

Sebastian Isabella, manager of the Casa Savoia Big Five, today released figures on the 1927-28 basketball season, that show the team to have established an enviable record in the past year.

The Savoia basketball team in their first year as an organization, proved to be one of the leading semi-pro teams in the city. Any team that tallies 1235 points in 40 games must be given due recognition. The Savoia opponents tallied but 836 points. Thirty-one games were chalked up on the right side of the ledger by the Savoians, and nine of the games resulted in defeats.

"Yanks" Marcella, tall center on the Savoia team was the leading scorer with 118 field goals and seventeen fouls for a total of 253 points. "Mike" DiThomas was second high with 67 field goals and 43 fouls for a total of 177 points. A Gennock was third highest with 62 field goals and 20 fouls for a total of 144 points. Marcella did not finish the season with the Savoia team, a fact that probably kept him from scoring over 300 points this year.

The Savoia team at the start of the season lost a valuable man when "Benny" Marino moved from New Castle with his family. Marino played in but three games and tallied 29 points.

Charles "Tippy" Richards, the late New Castle High School football and basketball star, is largely responsible for the fine success attained by the Savoia Big Five this past season. Richards was coach of the team and aided them to a great extent. The team roster was composed entirely of young Italian element and they gave a good account of themselves on the floor. The Savoia boys are planning a bigger and better team for the season of 1928-29, according to Isabella.

The Savoia team met and defeated some of the finest teams in this part of the state during the season just concluded.

Following is the complete record of the Savoia Big Five for the season of 1927-28.

Here And There In Sports' Land

By ED. FRITZ

Johnny Kilbane, former featherweight champion of the world, and Jimmie Dunn departed from New Castle for Cleveland last night. The ex-champion refereed the Simmons-O'Connell battle at Warren Tuesday and with Dunn visited here until last night.

Earl Lin Dilks, the New Castle runner, is creeping up on the leaders and Wednesday was in ninth place in the coast-to-coast race. He is 23 hours behind Arne Souminen. Eddie Gardner, Seattle negro, finished the 41.8 miles lap between Holbrook and Navajo first in six hours, 41 minutes and 25 seconds.

Bill Tilden, veteran tennis ace, lost to John Hennessey yesterday at Augusta in the feature singles of the Davis Cup test play. The count was 6-8, 2-6, 6-2, 6-4. The match was vigorously contested.

Bill Jolly is now endeavoring to sign up one more preliminary for his fistic circus at the Old Armory Tuesday night. He already has three bouts carded and it looks like a night of real action for the fans.

Cripp has beaten Andy Tomaskey twice, fought draws with Steve Nugent, Joe Dienes and Al Dundee and Dave Adelman. He had Tomaskey on the floor about 14 times at Steubenville and is a real opponent for Cavelli, who has boxed Willie Davies.

Requests for new speed trials at Daytona Beach have been made by J. M. White of Philadelphia, builder of the Triplex Special, and Wilbur Shaw, driver of the Whippet Special in the recent Daytona trials. The Chamber of Commerce would like to delay the trials until next winter.

Collegians Trim Kandy Kids 39-28

The New Wilmington Collegians continued their winning streak by defeating the Kandy Kids of Wampum, 39 to 28 in a game played at Wampum.

The score at half time favored the Collegians 27 to 7. The Wampum boys rallied in the third quarter and brought the score to 29 to 21. Hutchison and Dible were the leading scorers for the Collegians.

The Collegians will play the Verona Five of Pittsburgh on Friday night at the High School gym at New Wilmington in the final game of the year.

The summary:

Collegians—39	G.	F.	T.P.

WM. AYDELOTTE

William Aydelotte for the first time in four years has won the national indoor tennis championship for the United States.

France had monopolized the title for the preceding three years, thanks to Jean Borotra and Rene Lacoste.

Aydelotte defeated Julius Seligson in a terrific finals match this year and deserved his victory. Aydelotte, paired with Perrine Rockafeller, also ran off with the doubles honors.

Four Teams In State Tourney

Lewistown, Hazelton, Jersey Shore And Duquesne High Ready For Tourney Opening

FIRST ROUND GAMES SET FOR FRIDAY

By CLYDE SHUE
International News Service Staff Correspondent

HARRISBURG, March 22.—Lewistown, Hazelton, Duquesne and Jersey Shore, the big four of Pennsylvania high school basketball this year, meet at State College tomorrow night and Saturday for the championship of the Pennsylvania interscholastic association.

Instead of eight teams which formerly entered the lists on the Penn State floor, a new system will be tried this year, whereby only four teams will compete. They will draw for pairings at State College tomorrow morning.

With none of last year's contestants in the championship list, the annual high school classic this year introduces four speedy quintets that have waded through stiff opposition to battle for the P. I. A. A. crown.

Hazelton High carries with it the support of the anthracite regions and the championship of districts 1 and 2, scenes of some of the flashiest matches of the season. Scranton fell by the wayside in the hard coal region finals.

Jersey Shore upset the dope bucket to win from Williamsport, by a one point margin and annexed the championship of districts 3 and 4.

Lewistown High sailed through the Myersdale quintet without much trouble in winning the right to represent districts 5 and 6, and is backed by Central Pennsylvania fans as a favorite to win the title.

Western Pennsylvania's hopes lie with Duquesne High, which defeated Sharon High at Grove City for the championship of district 7 and 8.

HARLAN'S TEAM WINS VOLLEY BALL CONTEST

If Tom Elliott's volley ball team can win three games out of three played Friday noon on the gym floor of the Y. M. C. A., they will be tied with the team captained by Harlan for the championship of the Business Men's noon volley ball tournament, announced Walter E. Kirker, physical director of the Y. M. C. A. Wednesday noon Harlan's team defeated Dunlap's team by scores of 15 to 9, 15 to 11 and 2 to 15.

Dodger Catchers

By Feg Murray

There are catchers—and catchers. Catchers of fish, "catchers" of punches in the ring, and catchers of baseballs. The Brooklyn Robins are blessed—or afflicted (depending on whether you consider a ball-player as a necessary evil)—with three good catchers of baseballs. No Bresnahans or Klings, perhaps, but Henline, Hargreaves, and De Berry are names not to be sneezed at, and, certainly no major league club can boast of three all-around catchers as good.

Last year Manager Robinson worked the three evenly, using De Berry in 67 games, Henline in 60, and Hargreaves in 44. Any bright student of mathematics will quickly see that 67 and 60 and 44 totals 171, and the difference between that and 154 games is easily explained by the fact that sometimes the boys doubled up, and two or more catchers were used in one game.

In fielding, Hargreaves and De Berry ranked well up among the National League's best fielding backstops—De Berry especially, as he finished in second place to Gonzales of the Cubs with an average of .987. Butch Henline did not field so well, however, as he was next to the bottom, with fifteen errors to his discredit.

Henline has long been considered a .300 hitter, and it may be that he will regain his old Philadelphia form this season. John Herman De Berry only reached the .300 mark once, in 1922, his first year with Brooklyn. He is a University of Tennessee man. Hargreaves came to the Dodgers in 1923 from Pittsfield of the Eastern League. In 1924 he hit .407 in fifteen games.

Phillies Can Claim But One Star And Just A Hope As Season Nears

By NORMAN E. BROWN
Staff Writer for Central Press and New Castle News

BRADENTON, Fla., March 21.—Along with the arrival of the Philadelphia Nationals here for an exhibition game, came the interesting rumor that Burt Shotton, most recent of a long line of managers of the Quaker City entry in the National league, is already "sick of his job."

Now, naturally, this is not a matter that can be discussed candidly by Mr. Shotton from the bottom of his heart, Mr. Shotton being in the position of any one of the hired help.

But the point of the rumor is that, if Mr. Shotton isn't sick of his job, his stamina, under the conditions existing on the ball club is produced by one of two things—his acceptance of the conditions when he took the job, or his sincere belief that with some unforseen aid he will finish at least eighth.

The Phillies, today, have one great ball player in Fresno Thompson. He would grace any major league ball club. They have a brilliant, though old outfielder in Freddy Leach.

And that is all.

Cy's Still on Job

The other regulars include Heinie Sand, whose earnestness and faithfulness cannot be questioned and who is a fair infielder; old Cy Williams, who can go on forever hitting home runs at frequent intervals, and playing an acceptable game in the outfield; Russell Wrightstone, infielder, great at times, but not a consistent performer; Billy Kelly, new first baseman from the Buffalo club; Jimmy Wilson and Johnny Schulte as catchers, and (for pitchers) Eddie Baecht, Ray Benge, Art Decatur, Alex Ferguson, Clarence Mitchell, Bob McGraw, Herb Pruett, Jimmy Ring, Claude Willoughby and one or two others.

The one outstanding pitcher the Phils presented to Shotton was Frank Ulrich, and before the training season opened Ulrich had suffered an attack of double pneumonia, which will eliminate him for at least half the season, it not all of it.

Of the pitchers left none is a reliable performer excepting the veteran southpaw, Mitchell. He cannot carry the load.

Of the young players who hope eventually to break into the lineup one stands out prominently. He is Whitney, a young infielder from the New Orleans club of the Southern association. Whitney is credited by Southern scribes with being one of the best young inner defense men produced in years.

Benge Up Again

Ray Benge, righthanded hurler obtained from the Waco, Texas league club, is young and showed plenty of stuff with Waco. The Cleveland American league club had him once, however, and turned him loose—as badly as they have needed pitchers for years.

Herb Pruett and Jimmy Ring—once great—are just hopefuls now. Ring was a complete failure last season with the Cards.

Kelly, scheduled to play first base, comes up from the Buffalo club with the reputation of being mighty clouter—a home run star. There is no doubt regarding the effectiveness of his hitting in the minors, but the tip is out that the major league hurlers will soon find his weakness. For Bill's sake, and Burt's as well, it is to be hoped that this is a base canard.

If Billy the Biffer proceeds to fool the wise ones it will be a great day for Bill, Burt Shotton and the other members of the Phils.

Billy Kelly, home run star, on whom Phils are depending.

Westminster Quint On Tech Schedule For 1929 Season

PITTSBURGH, Pa., March 22.—The Carnegie Tech basketball schedule for the season of 1928-29 announced by Graduate Manager Overend, contains fifteen games, an increase of two over the past programs of the Tartans.

Two new schools, Buffalo and Niagara appear on the card, they will replace Notre Dame and Davis-Elkins. Home and home attractions have been arranged with Westminster, Geneva, West Virginia, Penn State and W. & J. The University of Pittsburgh team will be met three times twice at the Pitt Stadium and once at the Tech floor.

The Westminster team, champions of the Tri-State Conference the past season did not appear on the 1927-28 schedule, but they are classed as new opponents, having held a place on the Tech card in former years.

O. & P. Follows Major Rules

Schedule Will Be Adopted At Cleveland Meeting Next Week

CANTON, March 22.—When the magnates of the O. & P. league decided to follow the rules of "O. B." in regard to ineligible players the field was cleared of the league's bugaboo and harmony should be the net result. This action was taken recently when solons discussed the problem at Youngstown.

One week from Sunday the schedule committee will meet at Cleveland and the card for the season will be announced. Players, however, are being signed for the fourth year which will start late in April.

New Castle and Beaver Falls represent Pennsylvania while Ohio will have Youngstown, Akron, Canton, Cleveland and Massillon in the league. Massillon will represent New Castle and Beaver Falls will play as Youngstown.

Schedule Committee

On the schedule committee in charge of George Textor of Massillon are George Muelheisen of Canton and U. F. Fitt, of Akron. Textor plans to call a meeting next Monday night when several drafts will be prepared to avoid conflict with teams in the Central League that are to be stationed in Akron and Canton. The Central is the infant member of Class B in organized baseball.

At the last meeting in Youngstown O.-P. managers voted to dispose of a salary limit for the 1928 campaign. This means that the managers have their respective fences to build. Each team has a maximum roster of 16 players, including manager, and no players are to be added after June 7 for the first half of play to end Independence Day.

Johnny Slate To Box Petie Janis

Jimmie Dime To Superintend Training Of West Side Lightweight

By ED. FRITZ

Johnny Slate will make his next appearance at the Old Armory, Tuesday night, against Petie Janis, the Fighting Janitor of Cleveland. The bout will be a six round preliminary and was carded by Promoter Bill Jolly today.

Slate has not fought for a month as Jimmie Dime, the veteran tutor and manager, has been in Florida. When Jimmie started north he wired the West Side lightweight to commence training and today will commence polishing off the youngster.

Johnny is a brother to Heinie Slate who defeated Young Drake and though he has lost here the young chap showed enough to warrant another appearance at the Old Armory and with Dime home the tutor will put the youngster in good physical condition.

Through the efforts of the writer Jimmie Kaplan who also fights under the name of Engle, has been matched with Roy Minteer. They fought a fast six round bout last Monday night. One more preliminary is to be arranged.

The feature six round battle will be staged between Carl Cavelli formerly of Center street, this city, and Harry Crisp, the bantamweight champion of the south. Crisp is more clever than Carl but Cavelli is the strongest puncher.

Kandy Kids Defeat West Pittsburg Five

WAMPUM, Pa., March 22.—The Wampum Kandy Kids defeated the West Pittsburg Blues on Monday night at the Wampum Opera House floor by a score of 25 to 19.

The game was a close, hardfought affair and the Kids had the lead all the way.

Tonight the Kandy Kids will play the Ellwood City Juniors on the Wampum Opera House floor. The game will start at eight o'clock.

The summary:

Kandy Kids 25 W. Pittsburg 19

White	F.	R. Elesser

Field goals: White 5, Aiello 4, Ferrucci, DeMark, R. Elesser, G. Elesser, Sandru 2, Beres 3. Fouls: Kandy Kids, 3 out of 10; West Pittsburg, 5 out of 9. Referee: White.

Clifton Flats Team To Meet

The Clifton Flats baseball team will hold an important reorganization meeting at the home of Harry White on Friday, March 23, it was announced today.

The following players of the 1927 team are asked to attend the meeting: E. Hiler, F. Hiler, Byak, Smiley, H. White, C. VanEman, Morgan, H. Ryan, P. Ryan, Widel, Logan, McDonald, Kennedy and Coates; also any others wishing to try out for the team this season.

The meeting will start at 7:30 o'clock.

Boxing Commission Asks Gene Tunney To Select His Opponent

Sharkey, Heeney And Risko Challenge Champion For Title Go This Summer

"Choose Your Man", Edict Read To Gene Tunney By New York State Solons

By DAVIS J. WALSH
Sports Editor International News Service

NEW YORK, March 22.—Any number of gentlemen who are reasonably confident that they would be able to see an elephant on the other side of a key hole were struck by the coincidence of Jack Sharky still being of the New York list of preferred heavyweight contenders and the fact that James J. Johnston represents ten percent of his management. Johnston is known as a "lucky" manager in this town; That is, nothing very unlucky ever happens to him or to those with whom he consents to consort professionally.

For example, take the matter of his present affiliations. It certainly was a very lucky thing to be declared "in" on a man like Sharkey, who, at the time, was a stand-out heavyweight, had made critical money and was due to make more. Men spend most of their lives trying to buy into that end but it seems that Johnston is an exceptional fellow. He didn't have to buy into Shargey; he already was "in"—just like that. It was just his luck to run across men with whom money simply was no object.

"Losing Patience"

Anyhow, the New York commission has notified brother Tunney that it has on file three challenges for his title from the following: Jack Sharkey, Tom Heeney and Johnny Risko. The commission wants brother Tunney to answer right away as these gentlemen are waiting and I gather that somebody's patience is being exhausted by brother Tunney's dilatory tactics.

Sharkey's last three fights have resulted in one knockout by Dempsey, one draw with Heeney and one defeat by Risko, so I called upon the commission today to inquire just when it would be ready to accept my challenge to Tunney. I called Mr. Farley, he was out of town. I called Mr. Brower, he was out to lunch. I called Mr. Muldoon, ah, this is better. He was only out of earshot.

"Hey?" he shouted, after the manner of uncle Peleg, when I asked what drastic thing the commission might do to brother Tunney if he didn't answer their communication by the dead line set, which is tomorrow. "Hey?" he said again and very firmly. I had just asked him what Sharkey was doing in the list of contenders after winning exactly no fights in almost a year.

"You can't talk to me," he observed finally and with some meed of logic "I can't hear you."

So, the desire to ask why a champion who clamored for two fights, pronto, and might get none, with equal rapidity, was being heckled simply had to be postponed until Mr. Muldoon could go see an ear specialist or hear an oculist or something.

The delay, of course, will be trying on brother Tunney. The chances are he won't be able to sleep tonight fat at least a minute. He may try to evade the real issue by saying that he signed to defend his title more than six months ago; that Rickard is paying him guarantees in advance on this very document. But it won't do.

For, when all is said and done, and the alibis and excuses are forwarded, there is no escaping this onerous fact: brother Tunney hasn't accepted Sharkey's challenge.

Petersburg Loses To Enon I. O. O. F.

Fast Game Sees Visitors Defeated By Score Of 37 To 31

(Special To The News)

ENON VALLEY, March 22—With Riddle, stellar tip-off man back in the lineup the local I. O. O. F. five gave the Ace club of Petersburg, O., a severe setback to the tune of 37-31.

The Ohio team took a three point lead in the opening minutes of play with a field goal and a foul.

The visitors lead lasted less than three minutes as the I. O. O. F. offensive got under way and the end of the first quarter saw them leading by a score of 11-5.

The second quarter both teams slowed up the score being 24-11.

The Petersburg passers staged a come back in the third period keeping the local outfit on the defensive most of the time. In this period the visiting team led by Wilson and Musser made the local defense men work overtime but fell several points short of tying the score.

The last quarter was a repetition of the first session with the I. O. O. F. combination outscoring their opponents.

The lineup and summary:

I. O. O. F. 37		Petersburg Aces 31
Andrews	F.	Ewing
Zeh	F.	Fox
Riddle	C.	Sumners
Russell	G.	Wilson
Shaffer	G.	Musser

Sub: Ziech.
Field goals: Zeh 6, Riddle, Fox, Wilson 4, Andrews, Musser, Sumners 3, Russell 2, Ziech.
Fouls I. O. O. F. 5 out of 9; Petersburg 3 out of 7. Referee, Zeh; Umpire Baith.

Believe Hornsby Was Instrumental In Deal Made For Lester Bell

No Secret That Bell And Hornsby Have Struck Up Great Friendship

Flint Rhem Another Example of Hornsby Hero Worship, Is Belief

By DAVIS J. WALSH
Sports Editor International News Service

NEW YORK, March 22.—Without straining an ocular tendon, one can see the fine, spatulate hand of Rogers Hornsby figuring ultra-prominently in the deal, announced yesterday, whereby Lester Bell and Andy High changed into the uniforms of the Boston Braves and the St. Louis Cardinals respectively. I am aware that a mere second baseman and field captain has no particular business figuring even obscurely in an inter-club deal. Also that Hornsby had declared eternal allegiance to Jack Slattery and that sweet spirits of applesauce are annointing the entire premises.

However, this is no ordinary second baseman and field captain. We are talking about Rogers Hornsby, who managed the Cards into a world's championship only eighteen months ago and now outdraws his manager almost 3 to 1 in salary. Hornsby, as aggressive and dominating as ever, is exerting a definite influence in the affairs of his new club and, if you don't think so, then there is nothing for it but for you to admit that canned spinach makes a swell corsage.

The Bell deal may not substantiate this contention, ipso facto, whatever that is, but it certainly offers no rebuttal evidence, either. The fact of the matter is that Hornsby and Bell were mutual admirers in St. Louis and the inference is that the trade wouldn't have been made if Hornsby's interests had been elsewhere.

Hornsby Admires Bell

I don't attempt to say, either, that the deal was made over Slattery's dead body. He and Hornsby are room mates in St. Petersburg and they eat at the same table with Judge Fuchs, owner of the club. This state of affairs simply is made-to-measure for a man of Hornsby's forcefulness.

He wanted Bell. He got him. The New York Giants only dropped overtures, looking toward the same result, when they discovered that Hornsby himself was not to remain in New York for another season.

It was common gossip around the 1926 world series that one of the greatest of Hornsby's triumphs at that time, exceeded only by the fact that he had brought the Cards down to the wire for the first time in nearly forty years, was the development of Bell and Flint Rhem, the fast ball pitcher. Both were and still are Hornsby men of the most devoted type.

His effect on Bell was almost instantaneous. From a very commonplace third baseman, he became a ranking star in 1926, not only fielding sensationally but hitting close to .330. When it was all over, Hornsby was unfrocked and sent to New York. Upon which, Bell blew himself to a most indifferent season, hitting around .260. His days of usefulness in St. Louis apparently were over.

Rhem won twenty ball games for Hornsby during the penant year but was a furious flop in 1927. Maybe Hornsby's departure had nothing to do with it. All I know is that Rhem liked him and wasn't able to win last year.

If our alleged Svengali can persuade Bell to play up to his 1926 speed, the Braves are made as a ball club. If he can't, there is no particular harm done and Hornsby still is an excellent second baseman and field captain.

Wampum Indies Face Healthy Schedule

The Wampum Indies will meet the strong M. E. church team of Beaver Falls on the Wampum Opera House floor tonight.

The Beaver Falls team will have "Ken" Loeffler and Whitey Littel in their line-up. Both Loeffler and Littel are members of the McKeesport Cyclers.

On Friday night the Indies journey to Ellwood City to meet the Clark Five in the preliminary game to the Shelby Tube and McKeesport Tube Works basketball game.

Boone has returned to the Indies roster and in his initial game against the Liberty Five of New Castle caged 14 baskets.

Sport Ritticisms

By BILL RITT

Tony Canzoneri, featherweight champ, has lost his tonsils. That would be fatal to a congressman.

* * *

A good pair of well-oiled swallow hooks are priceless to politicians. They know the ears are always willing if the tonsils aren't weak.

* * *

Charley Lindbergh zoomed all over the Atlantic ocean without any sleep and felt fine; but then they sent him on a good will tour where he had to talk, and his tonsils backfired and he had to retire.

* * *

One of the leading pair of tonsils in world history belonged to Socrates. He could talk a crippled pigeon with pernicious anemia into thinking it was Jack Dempsey.

* * *

Old Sock had a voice that sounded like a carload of cannon balls playing leap frog on the tin roof of a boiler factory. After hearing him speak someone invented the organ.

* * *

When Socrates' gargle apparatus finally gave way from old age he tried to end it all by drinking bootleg gin. But it proved to be hemlock poison and he lived a couple of hours longer.

Negro Thugs Attack Two Women; Police Start Intensive Search Of City

(International News Service)

PITTSBURGH, March 22.—Police combed the city today for negro thugs who attacked two women, in different parts of the city, slashing one so badly that she is near death in the Allegheny hospital and knocking another to the street.

Mrs. Ida Glover, 44, is in the hospital, while Mrs. Johanna Harvey is at her home suffering from shock and lacerations of the head.

East Brook Girls Capture Victory

The East Brook high school girls basketball team defeated Clintonville high maidens 16 to 6, in a recent game, played at the Clintonville floor.

The playing of Miss Gormley and Miss McKnight featured for the East Brook team, with the work of Miss Ward the best for the losers.

The summary:—

McCarthy Impressed With "Kiki" Cuyler

Chicago Cubs Manager Says Cuyler Gives Outfield Needed Polish

Infield Is Only Uncertain Part About 1928 Cubs Is View Of Early Season

(International News Service)

AVALON, CATALINA ISLAND, Cal., March 22.—Reviewing the training season today, as his Chicago Cubs were making ready to break camp for the long trek east, Manager Joe McCarthy proceeded to reach around his abdomen, reading from left to right, and shake hands with himself on the trade that brought Hazen "Kiki" Cuyler to the club. Cuyler, a prominent man-about-the-bench with the Pirates last year, has been a "wow" with the Cubs to date, his hitting, fielding and team spirit having been the outstanding feature of the Cubs' exhibition games.

"I gave up a good man in Adams," McCarthy said, "but I got a better one in Cuyler. There isn't anything a great ball player can do that he hasn't done for us since reporting. He not only has been invaluable as an individual but has given much of his time and benefit of his experience to the young players. If Cuyler hasn't strengthened the Cubs immeasureably, then I don't know what I am talking about."

Infield Wobbly.

The 1927 Cubs needed some strengthening. Bad infielding and a none too certain outfield defense completely nullified the Cubs' excellent pitching. Cuyler's acquisition just about takes care of the outfield situation but the infield still has questions to answer before the Cubs can be rated a sure fire pennant contender.

They have the pitching, the hitting, one of the best catchers in baseball, "Gabby" Hartnett, and an inspiring manager who gets the best there is from the material at hand. But three of the four infield positions are far from water tight. Charley Grimm, the former St. Louis peanut vender, is one of the ranking first basemen in the league, and may be figured to steady the other infielders not a little. But he couldn't stop Cub infielders from kicking them away last year, so the natural conclusion is that Johnny Butler, Los Angeles; Elwood English, Granville, O.; Clyde Beck, Gardona, Cal.; Freddy Maguire, Worcester, Mass.; Norman McMillan, Latta, S. C., and Elmer Yoter, McKee's Rocks, Pa., must make good strictly on their own or the club infield will fail again.

Pitchers Are Set.

The rest of the club is absolutely set. It has pitching strength second to none. Charley Root, Middletown, O., was the league leader last year; Hal Carlson, Rockford, Ill., was not far behind. John Blake, Beckley, W. Va.; Guy Bush, Shannon, Miss.; Percy Lee Jones, Dallas, Tex., and Bob Osborn, El Paso, Tex., also contributed much toward this strength. All of them are back and so is Art Nehf, Phoenix, Ariz., veteran, who seems to have recovered much of his old skill. Phil Weinert, Philadelphia; Hank Grampp, New York, and John Welch, St. Louis, members of the 1927 staff, are still about, too.

It, therefore, devolves upon the only rookies in camp, Roy Hanson, Reading, Pa., and Chicago; Percy Malone, Minneapolis and Milan, O., and Peter Fowler, Atlanta and Converse, S. C., to show plenty if they want to remain. The Cubs can't go wrong on their pitching.

Neither can they with their catchers with Hartnett and Mike Gonzales on the job. John Churry, last year's warm up catcher from Congo, O., also is on the job, as is Louis Loggett, from Greenville, S. C., and New Orleans.

Cuyler has been roaming right field this spring and, when everything is straightened out, Lou Wilson, the Martinsburg, W. Va., star, will play centerfield, with Cliff Heathcote, York, Pa., Riggs Stephenson, Akron, Ala., and Earl Webb, Ravenscroft, Tenn., battling for the remaining place. All are veterans and good ones, which doesn't sound very re-assuring to Joe Kelly, in from Toledo.

Rick-Overlands To Play At Butler

Rick-Overland basketball team will play their last game of the season tonight at Butler and their rivals will be the Spaides who apparently, until this time, have managed to toss the Rick-Overlands for defeats. Inasmuch as tonight's game will be the last for the local quintet this season they hope to flash forth a winner.

Last year the Spaides won two of three and this year managed to cop victory by a four point margin. The teams are matched almost evenly in teamwork and a good game should be witnessed.

What it takes to make a man pipe-happy, P.A. has!

TAKE a piece of paper and write down all the things you like in a smoke. Then buy a tidy red tin of P. A. and check the tobacco against your list. Open the package and release that tantalizing P. A. fragrance. Load up and light up. One thrill now follows another. You're ready to believe all the fine things you've heard about P. A.

Cool as a jury-foreman, rising to speak. Sweet as his words: "Not guilty." Mild as your interest in a civil suit. Mild and mellow, but with that rich, satisfying tobacco-body that only the world's most popular brand can offer. You can't seem to get enough of tobacco like *this!*

The proof of the puffing is in a pipe packed with P. A. Go get some now and see what a real companion your pipe can be when you put it on the right ration. Just around the corner is a store where they hand out pipe-joy in tidy red tins. Your cue-to-contentment is to get around there now.

TWO full ounces of genuine smoke-joy in every tidy red tin.

Pruett Tries Again To Land Big Time Post

A few years ago the St. Louis Americans had a rookie southpaw pitcher at their southern training camp by the name of Herb Pruett. He also traveled under the cognomen of "Shucks."

Though Herb showed nothing to his new employers in the way of speed, he owned one of the meanest curves brought into the American League in many a day.

The regular season had not been long underway before Pruett had earned a place among the regular slab artists of the team. His tantalizing fadeaway was fooling the crack batsmen of the loop, including the mighty Mr. Ruth, who seemed to be especially easy for "Shucks." Babe fanned quite often when facing him.

A great future was predicted for this southpaw youngster who could make the Bambino dine on humble pie out of his left hand. Enthusiastic St. Louisans compared him to the great Matty, the immortal Rube Waddell and other gods of the pitching business.

However, a group of wise ones shook their heads. They knew the boy Pruett was subjecting his arm to a terrific strain in throwing his hook and predicted a short major league "life" for him.

They were right. It wasn't long before Pruett was on his way to the minors.

But now Herb is back in the big time, trying to land a berth with the Phillies. He is a much wiser pitcher, far more cautious and conservative with his strength, and this time he may stick.

SUIT IS FILED TO COLLECT ON NOTE

Union Trust company of Pittsburgh, executor of Emma King Smith, has filed a suit at the prothonotary's office against R. G. Hengst to collect $4750. The suit is based on a $5000 note alleged to have been given by Hengst to Emma King Smith on July 6, 1917, on which $250 was later paid. Mrs. Smith died on December 4, 1924, and the note was given to the executor for collection.

COURT CLERK DIES IN PITTSBURGH, PA.

PITTSBURGH, March 22.—Albert H. Evans, 70, assistant clerk of common pleas court, died here today, after more than 50 years of public service in the city and county.
Evans was apparently in good health and the cause of his death has not been determined.
He is survived by his widow, three sons, Harry of New York and Frank and George, of Pittsburgh and one daughter, Mrs. H. O. Barnett of this city.

UNDERGOES OPERATION

C. H. Butler, superintendent of the American Cement Tile Manufacturing company, was last night removed to the Shenango Valley hospital in New Castle, where he underwent an emergency operation for appendicitis. He had been ill for the past few days but his condition was not considered serious.

N. Y. STOCKS

(International News Service)
NEW YORK, March 22.—Stocks of the United States Steel and General Motors Corporations, the twin Giants of American industry, led the procession in the forward movement of prices at the beginning of trading today. General Motors pushed through to a new high at 151 and United States Steel at 151¾ was within a point of the January high-water mark. Sinclair featured the oils, with a new rise to around 27, and Hupp was the favorite of the low-priced motor group, with a 2 point jump to 52.
Expectation of a higher cash dividend for General Electric, through the elimination of the special stock, was the stimulus behind the active buying of that stock today at 148½, a new high record. Shorts in International Nickel and other market specialties were given another violent squeeze as prices were jerked upward a few points, completing recoveries of 10 to 35 points in the last two weeks.
Aggressive buying of Sinclair Oil by powerful interests whose indentity has not yet been disclosed sent that stock to above 27 in active trading. Consolidation with another prominent oil combination probably Marland or one of the Standard Oil companies, is the ultimate plan for the Sinclair oil property, according to Wall street reports.
Radio was quiet, but Victor Talking Machines continued active with rumors flying thick and fast of a new merger combination of these two companies, which long have worked in unison in supplying combination radio sets and talking machines to the market.

LEADERSHIP PLANE LANDS AT COLUMBUS

(International News Service)
COLUMBUS, O., March 22. — The New York American, Toledo Leadership, all America tour plane, arrived here at 10:55 a. m. today from Pittsburgh.
The next stop of the ship on its 10,000 mile trans-continental voyage will be Wright field, Dayton. From there the ship and its five passengers will proceed to Lunken Airport, Cincinnati.

If sales are slow it's the manufacture's fault. Why doesn't he put a steering wheel on the washing machine.

Lawrence County Man Granted New Hearing By Board

State Pardon Board Allows Lawrence County Man Chance For Rehearing

(International News Service)
HARRISBURG, March 22.—Five of the twenty-three pleas for rehearings considered by the State Board of Pardons have been allowed, Francis Hoy, Secretary of the Board announced today. Three of the pleas allowed were from men held on second degree murder charges.
Those allowed included—David M. Gray, Erie, second degree murder; Lloyd Richey, Fayette, second degree murder; John Doe, Lawrence, breaking and entering.

Latin American Tangle Involves League Powers

(International News Service)
GENEVA, March 22.—Owing to the trend of events in the new world and expressions of resentment by some Latin American republics against the United States, the League of Nations expects to play an increasingly important part in American affairs, it was stated here this afternoon.
This statement was called forth by the news that Spain has decided to re-enter the league. Spain wishes to strengthen Spanish influence in South and Central America and feels that it can best be accomplished through the agency of the League of Nations.
Officials of the permanent secretariat of the league were informed by International News Service that the Spanish government will immediately send an official communication announcing the decision to re-enter the league.

Man Attempts To Steal Large Fish

Frank B. Hannon, who conducts the fish market in the National Market, yesterday afternoon discovered John Bulba in the act of attempting to steal a 60-pound halibut fish from his wareroom. He was attempting to get the big fish in a sack when discovered. On being discovered Bulba ran away and Hannon gave chase. Bulba ran into a truck at Mercer and Sycamore Way and just at that moment Officer Faella appeared on the scene. Hannon called to the officer to arrest Bulba and he did so. This morning Bulba paid a fine of $5.

AWAITING TRIAL FOR INFANTICIDE

Miss Neva Stout, 24, of Battle Creek, Mich., is awaiting trial charged with allowing her six-month-old son to freeze to death in a Battle Creek park. Police claim that, following her arrest, the unwed mother confessed the crime. Conviction carries a penalty of life imprisonment.

Perry Highway To Be Let In July

Portion 10 Miles South Of Mercer To Be Built This Summer

(Special To The News)
MERCER, Pa., March 22.—Announcement was made this morning by Dr. Charles Jordan, Secretary of Agriculture and John D. Dight of the Bureau of Publication at Harrisburg, that the 10 miles of the Perry highway south of Mercer would be let for construction in July of this year.
Dr. Jordan and Mr. Dight said that it had been understood that this portion would be built this year but that previous to this it had not been definitely announced just when the contract would be let.
The portion of the Perry Highway that will be improved is the 10 miles south of Mercer towards Harlansburg in Lawrence county which will bring the improvement to a place some two or three miles south of the Mercer-Lawrence county line.
It was also stated that the whole 30 mile stretch of the Perry Highway out of Mercer would be finished during the Fisher administration, that having been made a part of the road building program of the administration.
Mercer is quite jubiliant of the announcement and when the highway is completed a great celebration is due to be pulled off.

The weakness of America's system isn't the difficulty of convicting the accused but the difficulty of making conviction something to be dreaded.

Four Hundred Scouts In Circus On Friday

With almost 400 boys, representing every troop in the Lawrence county council, Boy Scouts of America, present, the annual Boy Scout circus will take place Friday evening at 7:30 in the Carnegie auditorium, announces J. Lee Calahan, Boy Scout executive.

Judging from the rehearsal, which was held last Friday evening, this will be the best demonstration ever put on by scouts of this section of the state. All details have been worked out, and almost every known phase of scouting will either be exhibited or demonstrated.

The scouts are now requesting that all members of the council attend this meeting so that appreciation of the scouts' loyal, energetic work may be shown and also that the circus will be a success. Not only are council members urged to be present, but the public in general, especially those interested in scouting and boys' work are invited to attend.

Reward Is Offered By Butler County In Auto Death

Funeral Of Victim Held This Afternoon; Inquest To Be Held

BUTLER, Pa., March 22. — Butler county commissioners have offered $100 for information that would lead to the arrest of the automobile driver who struck and killed Miss Mary Ellen Brown, 76, on the Butler-New Castle highway late Monday night.

Although County Detective Frank T. Wigton has questioned several persons, nothing has developed that provides a clue to the driver of the car, which was stolen from J. Charles Dengler, former county coroner, and abandoned after the woman was struck.

Stewart Wehr, caretaker of the section of the highway that includes the location of Miss Brown's death, told Coroner William F. Pohl today that he remembers seeing the woman on the highway near Mt. Chestnut a half hour before she was believed to have been struck. He was not able to give a good description of automobiles he saw on the trip from Butler to Mt. Chestnut.

Funeral services for Miss Brown were held this afternoon. Coroner Pohl will conduct an inquest in a few days.

Formal Opening Of Camera Shop Occurs Saturday

Exclusive Shop To Be Inspected By Public; Speedy Service Promised

On Saturday the public of New Castle will attend the New Camera shop's formal opening at 22 North Mercer street at the entrance of the Greer building.

Saturday marks the opening of this new and exclusive camera shop, formally, although it has been open for business for some few weeks.

Among the outstanding features of the new camera shop's service is "eight hour service" and "two daily deliveries of pictures." Such service as this is not surpassed even in our largest cities. This means that those who "snap 'em" today may leave their films at The Camera shop on the way to work the following day and get the films on their way home at 5 o'clock the same day. All films purchased at the Camera snop are developed free there.

A skilled and experienced photographer is in charge at all times and the public is assured of satisfaction in finished pictures, etc.

The Camera shop will carry a full line of protographic supplies, cameras, moving picture machines and such.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

Did the roaming of last night, or at least part of it, at the sportsmen's banquet in the Carnegie auditorium and just in case it may be forgotten, let it be said here that it was considerable of a banquet. One of that kind where everybody goes away satisfied with the eats and the speeches.

It was the annual blowout of the sportsmen of the county and it was just about the best thing of its kind this organization ever attempted. The auditorium was so full that the next banquet will probably have to be held in the Scottish Rite cathedral or the Franklin stadium or somewhere where there is more room for last night's affair just about taxed the capacity of the auditorium.

There was a lot of real outdoor lovers at the banquet. Men who have spent many years enjoying the wonders of the outdoors and who have found that real enjoyment comes from Nature. Such sportsmen as Attorney H. K. Gregory, Thomas Elliott, F. E. Nolan, Joe Williams and a host of others.

The affair was planned by President Charley Withers and a committee and certainly they were on the job. If every organization had officers as faithful to their duties as the president of this organization, efficiency would be on a higher plane in many of them.

Tom Liggett was there also, full of high good humor for his pet project, the Cook Forest, is about completed. The organization back of it lacks but a few thousand dollars to complete it and soon the state of Pennsylvania will own the last stand of virgin pine in the state, for a park. John M. Phillips, after whom the local Boy Scouts named their camp, was present also. Mr. Phillips is a former state game commissioner and any man who has the respect of so many men as he must be worthy. The present game commissioner, Ross Leffler, was also present and spoke in an interesting manner.

While we're on the subject of sportsmen, I joined a new outfit the other evening, the Coon Hunters association. Now if P. O. Elder will just renew that invitation to hunt coons next season perhaps I can flash my card on some unsuspecting coon.

Met an interesting chap last night, Captain Jack Morris, aviator. With Ralph Kegarise, Captain Morris came through from Denver with the Kegarise plane. And what a ride that must have been. Outside of Denver they ran into a snowstorm, and as Will Rogers claims all fliers do, were "bucking a head wind" all the way. When they taxied down to a landing while the storm was raging, a poor little jackrabbit got in the road of the plane and Kegarise brought him along.

When they got out of the plane after landing, a farmer who chanced along wanted to know if Kegarise was Col. Lindbergh. There is a resemblance at that.

Received a letter this morning from a reader who quotes the name of a driver who hit a woman recently and has done nothing about it. While the facts may be true in the case, there apparently has been no legal action taken in the case, and it would hardly be proper to charge anyone with reckless driving or failing to stop and render assistance unless some information were laid against the driver.

No Twenty-five Years Ago news today. Twenty-five years ago today was Sunday and the News force went to church. I hope.

Local Company Will Operate Brick Plant

Take Over Brick Plant At Youngsville, In Warren County; Start April 15

An organization of New Castle men, known as the Keystone Face Brick Company, recently formed, has taken over the Youngsville brick plant, in Warren county, and is preparing to put the plant in operation, according to information given to The News this morning.

John Matteo, of New Castle, superintendent, is in charge of a force of men putting the plant in shape for operation about April 15.

A charter has been applied for by the men included in the new organization, and it is expected in a short time.

9c GASOLINE FOR NEW CASTLE

A startling announcement that will be welcomed by the readers of this paper is the perfection of an invention that practically cuts gasoline cost in half. In actual test one gallon of gas has been made to run a car 59 miles. Thousands of cars have been equipped and the owners report amazing gasoline savings, more power, instant starting, quicker pick-up and disappearance of carbon. So that this invention can be installed on every car, E. Oliver, 999-1947 N. Third St., Milwaukee, Wisc., is seeking men in different localities to handle exclusive territory for him. To those interested he will explain his $5.000 a year offer. Write him for his proposition and free sample offer at once.—Adv.

LETTERS TO THE NEWS

Letters intended for this column must be signed with name and address of writer.

"JACKSON FIELD"

Editor of New Castle News, Mayor Gillespie and City Councilmen, Dear Sirs:

Right here in our midst is an opportunity for all of us to do honor justly deserved to a fellow citizen, our own World War hero.

Ralph R. Kegarise, an aviator in the World War in France, a Pioneer in Auto Express to Pittsburgh, a pioneer passenger plane purchaser, and a young man deserving of any honor you gentlemen can bestow.

He did valiant service over there, and is going to put New Castle on the map by purchasing a plane of his own and also operate it. New Castle deserves air mail, also an airport, and here is the chance to honor two heroes. The field Mr. Kegarise has leased is on the old Colonel Jackson farm, another war hero of 1861. Not a man in our city would raise a voice against honoring Col. O. L. Jackson, by naming our 'Air Port' "Jackson Field." According to Webster a hero is a man of distinguished courage. Well if Ralph R. Kegarise does not have distinguished courage, who has?

He went out to the big West Country and bought a plane and sailed it home over our city, out to "Jackson Field," made a perfect landing, a perfect beauty of a plane, and you ought to have seen the crowd there to greet him. The plane will compare in every way with any of them. Here is our Lindbergh. Here is our "Spirit of New Castle," you can reach the postoffice from this field quicker by minutes than any other yet mentioned. In case of accident the big new hospital is on the road into town, only one traffic light to wait on. Only one left hand turn and one right hand turn to make up the widest street in the city—Jefferson—and right out to "Jackson Field." If you think this worthy of consideration file away but do not destroy or forget it. I could further state for easy access this field does not have a rail road crossing or street car track to hold up mail trucks to and from the air port.

Thanking The News Company for valuable space contributed, I remain, a Booster for R. R. Kegarise.

HARVEY BREST

Bricklayers Near Top Of Hospital

Rapid Work Being Done On Construction At Jameson Memorial Hospital

Bricklayers are making rapid progress on construction of the exterior walls of the magnificent new Jameson Memorial hospital, on Garfield avenue. They are now working about the sixth story, and it will be but a short time until the entire structure will be entirely enclosed.

The super structure was entirely completed before the brick layers started work on the outer walls, so that progress has been remarkably fast on the wall construction.

Some adequate idea can now be secured as to the magnificence and size of this structure, a gift to the citizens of New Castle.

Work on the interior completion will be rushed along, it being the indication that the new hospital will be ready for service sometime late this year.

Don't Squeeze Blackheads —Dissolve Them
Squeezing out blackheads makes large, ugly pores. The safe and sane way to get rid of these blemishes is to dissolve them. Get two ounces of Calomite powder from your drug store, sprinkle a little on a hot, wet cloth, rub over the blackheads, and every one, big or little, will disappear at once.
